PROPOSAL 1: SHARE ISSUANCE PROPOSAL

You are being asked by EQT to approve the issuance of Shares to Rice stockholders in connection with the Merger. In connection with the Merger, EQT plans to issue shares of common stock of EQT to stockholders of Rice. Under the rules of the New York Stock Exchange (“NYSE”), EQT is required to obtain shareholder approval of the share issuance. For the reasons discussed below, we oppose the Share Issuance Proposal. To that end, we are soliciting your proxy to vote **AGAINST** Proposal 1.

We recommend that you demonstrate your opposition to the proposed Merger and send a message to the Board that the proposed Merger is not in the best interest of EQT shareholders by signing, dating and returning the enclosed GOLD proxy card as soon as possible. You may also vote via the internet or by telephone at any time before [·] on [·] by following the instructions on your GOLD voting information card.

Reasons to Vote Against the Proposed Acquisition:

The Rice Acquisition Would Destroy Shareholder Value

EQT is proposing to purchase Rice for a total consideration of approximately \$6.7 billion. We believe that the proposed acquisition of Rice at a substantial premium would destroy shareholder value. We also believe that EQT has overstated the financial benefits of the proposed acquisition for EQT shareholders.

Destruction of Shareholder Value

Under the proposed acquisition terms, EQT will finance the acquisition with over ninety million shares of EQT stock which EQT management has acknowledged are undervalued.¹ We believe that EQT has the ability to unlock shareholder value immediately by separating its E&P and midstream businesses into two separate companies. We believe that the proposed acquisition of Rice would not only delay the possibility and potentially increase the cost (given potential tax limitations created by the acquisition) of an EQT separation, but also dilute the benefit of an eventual separation to current EQT shareholders by issuing significantly undervalued shares to help pay for the acquisition.

As set forth in management’s proxy statement², the midpoint value of EQT’s stand-alone-sum-of-the-parts is \$87.80 per share as calculated by EQT’s financial advisors based on empirically-observed peer multiples, or approximately a 50% premium to EQT’s price at the announcement of the acquisition of \$58.77. By adding the standalone values of EQT and RICE, subtracting the value of cash consideration, and dividing the difference by the pro forma share count, the pro forma sum-of-the-parts value for a combined EQT and Rice is \$80.35 per share. This means that approximately \$7.50 per pro forma share, or \$2 billion, in value would be destroyed upon the consummation of the proposed

acquisition before accounting for the potentially hundreds of millions of dollars of tax leakage from a separation following the transaction and the lost time value of money from delaying a separation.

Overstatement of Financial Benefits of the Acquisition

We believe that EQT has overstated the synergy value created by the proposed acquisition. Prior to our involvement, EQT had claimed that the acquisition would generate \$2.5 billion of NPV synergy.³ However, upon closer scrutiny, we believe that management understated the value transferred to Rice shareholders and overstated the value created by any synergies. Most notably, in its calculation, management has included opportunities that EQT and Rice can pursue on their own rather than only those generated by the acquisition, including lateral length extension of Marcellus wells that is already evident in 2017 and will likely grow further in future years. Based on our work to date (which is ongoing), we estimate that the actual synergies could fall short by at least \$1.3 billion, in addition to value lost from issuing undervalued EQT shares to acquire Rice. With only 65% of these synergies accruing to current EQT shareholders (or approximately \$800 million) and given an acquisition premium of approximately \$1.8 billion, we estimate that EQT shareholders would actually be giving away approximately \$1 billion of value.

¹ EQT's management acknowledged the "persistent sum-of-the-parts discount at EQT" on the RICE acquisition conference call on June 19, 2017 and has repeatedly made similar statements on conference calls including on April 28, 2016 and July 23, 2015.

² EQT, Joint Proxy Statement/Prospectus (Form S-4) (July 27, 2017).

³ EQT, Analyst Presentation (July 27, 2017).

After we raised our concerns to management, instead of explaining why shareholders should support the acquisition despite the value transfer described above, EQT management put forth that there may be additional value created by other potential synergies. Upon further analysis, we believe that such additional potential synergies are flawed and note that management has failed to commit to their estimate of additional value. Instead, management has admitted that these additional synergies may be worth \$0.⁴

Conflicting Interests

Management Incentive

We do not believe that management's incentive to pursue this acquisition is aligned with shareholders' interests. As detailed in EQT's proxy and 10-K filings, management's long-term incentive compensation is significantly influenced by EQT's 3-year average production growth. This growth, however, is not measured on a per share basis. Instead, an acquisition, like the proposed acquisition, that is extremely dilutive to shareholder value can still increase management compensation by millions of dollars by allowing management to achieve its incentive targets by acquiring production volume regardless of its value to shareholders. The proposed Rice acquisition does not appear to be the first instance where EQT management has used value destructive acquisitions to help achieve production growth targets. Prior to the Rice acquisition, since May 2016 the Company has spent approximately \$1.6 billion of shareholder capital on acquisitions, 90% of which have been in West Virginia, a state in which the Company recently announced it would curtail drilling just one year after acquiring the acreage after incurring permitting challenges and deeming it unattractive. Should EQT continue its prior practice of calculating the maximum bonus pool at 2% of EBITDA (regardless of whether growth from the prior year is the result of M&A), we estimate that the proposed acquisition would increase the senior management cash bonus pool by approximately \$130 million for the 2018 to 2021 period while diluting value to current shareholders.

Governance Issues

The pursuit by management of the proposed acquisition coupled with what we believe to be a suboptimal incentive structure for management brings into question larger governance issues regarding the Board. The Board has at least two members with over 10 years of tenure, bringing into question their independence.⁵ The lead director has sat on the Board for 20 years and sits on the compensation committee, while the compensation committee is chaired by another director who has sat on the Board for over 10 years. Also, when the Board is not in session, EQT's executive committee has the power to take action on behalf of the full Board.⁶ Such committee includes the CEO, the lead director and the executive chairman (who is the former CEO).

Accordingly, JANA recommends that you vote **AGAINST** the Merger Proposals. Other than soliciting your vote **AGAINST** the Merger Proposals, we do not intend to make any other proposals in person at the Special Meeting regarding the Merger, although we reserve the right to make such proposals at a later meeting of shareholders or through a separate consent solicitation.

We urge shareholders to vote **AGAINST** the Share Issuance Proposal on the **GOLD** proxy card.

Consequences of Defeating the Proposed Merger

In the event that the Merger Agreement is terminated as a result of the failure to obtain the requisite vote of EQT's shareholders, EQT will be required to pay Rice \$67 million for expenses incurred in connection with the Merger Agreement or the transactions contemplated therein.

⁴ EQT, 2Q17 Earnings Call (July 27, 2017).

⁵ The leading proxy advisory firm, Institutional Shareholder Services (ISS), has noted that a "tenure of more than nine years is considered to potentially compromise a director's independence." ISS Governance QuickScore 3.0: Overview and Updates 11 (Revised May 2015), https://www.issgovernance.com/file/products/quickscore_techdoc.pdf.

⁶ EQT, Proxy Statement (Form DEF14A) (Feb. 17, 2017).

In the event that the Merger Agreement is terminated as a result of the failure to obtain the requisite vote of EQT shareholders and if (i) there is a “Parent Competing Proposal” (as such term is defined in the Merger Agreement) announced, disclosed or otherwise communicated to EQT on or before the date of such termination, which has not been publicly withdrawn at least three business days prior to the Special Meeting and (ii) within 12 months of such termination, EQT enters into a definitive agreement with respect to a Parent Competing Proposal or any transaction meeting the parameters of a Parent Competing Proposal (provided that references to 20% in the definition of “Parent Competing Proposal” shall be changed to more than 50%) and such Parent Competing Proposal is consummated, then EQT is required to pay Rice a termination fee of \$255 million (less any Rice expenses previously paid by EQT).

Vote Required.

According to the Company’s Proxy Statement, the approval of the Share Issuance Proposal requires the affirmative vote of a majority of the votes cast by holders of EQT’s common stock. An abstention vote will have no effect on this Proposal. We therefore urge shareholders to vote “**AGAINST**” the Share Issuance Proposal to make sure their voices are heard.

We urge you to sign, date and return our GOLD proxy card. If you have already voted using the Company’s [white] proxy card, you have every right to change your vote by completing and mailing the enclosed **GOLD** proxy card in the enclosed pre-paid envelope or by voting via Internet or by telephone by following the instructions on the **GOLD** proxy card. Only the latest validly executed proxy that you submit will be counted; any proxy may be revoked at any time prior to its exercise at the Special Meeting by following the instructions under “Can I change my vote or revoke my proxy?” If you have any questions or require any assistance with voting your shares, please contact our proxy solicitor, Okapi Partners LLC, toll free at (855) 208-8902 or email at info@okapipartners.com.

We Recommend a Vote AGAINST the Share Issuance Proposal on the GOLD proxy card.

PROPOSAL 2: CHARTER AMENDMENT PROPOSAL

You are being asked by EQT to approve an amendment and restatement of EQT’s Restated Articles of Incorporation to provide that the number of members of the Board be not less than five nor more than thirteen. The proposed restatement of EQT’s Restated Articles of Incorporation will have the effect of amending Section 3.1(a) as follows:

(a) The Board of Directors shall consist of not less than 5 nor more than ~~12~~13 persons, the exact number to be fixed from time to time by the Board of Directors pursuant to a resolution adopted by a majority vote of the directors then in office.

According to the Company's Proxy Statement, the Charter Amendment Proposal allows EQT to appoint two Rice designees in connection with the Merger. For the reasons discussed above in "REASONS TO VOTE AGAINST THE PROPOSED ACQUISITION," we oppose the proposed Merger. To that end, we are soliciting your proxy to vote AGAINST Proposal 2.

JANA recommends that you vote AGAINST EQT's Charter Amendment Proposal.

Vote Required.

According to the Company's Proxy Statement, the approval of the Charter Amendment Proposal requires the affirmative vote of a majority of the votes cast by holders of EQT's common stock. An abstention vote will have no effect on this Proposal.

We Recommend a Vote AGAINST the Charter Amendment Proposal on the GOLD proxy card.

PROPOSAL 3: ADJOURNMENT PROPOSAL

You are being asked by EQT to approve the adjournment of the Special Meeting, if necessary or appropriate, to solicit additional proxies if there are not sufficient votes to approve the Share Issuance Proposal. Under EQT's bylaws, the presence, in person or by proxy, of the holders of a majority of the voting power of all shareholders constitutes a quorum for the Special Meeting. For the reasons discussed above in "REASONS TO VOTE AGAINST THE PROPOSED ACQUISITION," we oppose the proposed Merger. To that end, we are soliciting your proxy to vote AGAINST Proposal 3.

JANA recommends that you vote AGAINST EQT's Adjournment Proposal.

Vote Required.

According to the Company's Proxy Statement, the approval of the Adjournment Proposal requires the affirmative vote of a majority of the votes cast by holders of EQT's common stock. An abstention vote will have no effect on this Proposal.

We Recommend a Vote AGAINST the Adjournment Proposal on the GOLD proxy card.

QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS AND THE SPECIAL MEETING

Who is entitled to vote?

Only holders of voting stock at the close of business on the Record Date, August 24, 2017, are entitled to notice of and to vote at the Special Meeting. Shareholders who sold Shares before the Record Date (or acquire them without voting rights after the Record Date) may not vote such Shares. Shareholders of record on the Record Date will retain their voting rights in connection with the Special Meeting even if they sell such Shares after the Record Date (unless they also transfer their voting rights).

How do I vote my shares?

Shares held in record name. If your Shares are registered in your own name, please vote today by signing, dating and returning the enclosed **GOLD** proxy card in the postage-paid envelope provided. Execution and delivery of a proxy by a record holder of Shares will be presumed to be a proxy with respect to all Shares held by such record holder unless the proxy specifies otherwise.

Shares beneficially owned or held in “street” name. If you hold your Shares in “street” name with a broker, bank, dealer, trust company or other nominee, only that nominee can exercise the right to vote with respect to the Shares that you beneficially own through such nominee and only upon receipt of your specific instructions. Accordingly, it is critical that you promptly give instructions to your broker, bank, dealer, trust company or other nominee to vote **AGAINST** the Merger. Please follow the instructions to vote provided on the enclosed **GOLD** proxy card. If your broker, bank, dealer, trust company, or other nominee provides for proxy instructions to be delivered to them by telephone or Internet, instructions will be included on the enclosed **GOLD** proxy card. We urge you to confirm in writing your instructions to the person responsible for your account and provide a copy of those instructions by emailing them to info@okapipartners.com or mailing them to JANA Partners LLC, c/o Okapi Partners, 1212 Avenue of the Americas, 24th Floor, New York, NY 10036, so that we will be aware of all instructions given and can attempt to ensure that such instructions are followed.

Note: Shares represented by properly executed **GOLD** proxy cards will be voted at the Special Meeting as marked and, in the absence of specific instructions, “AGAINST” the Merger Proposals.

How should I vote on each proposal?

We recommend that you vote your shares on the **GOLD** proxy card as follows:

“**AGAINST**” the Share Issuance Proposal (Proposal 1);

“**AGAINST**” the Charter Amendment Proposal (Proposal 2); and

“**AGAINST**” the Adjournment Proposal (Proposal 3).

How many shares must be present to hold the Special Meeting?

Under EQT’s bylaws, the presence, in person or by proxy, of the holders of a majority of the voting power of all shareholders constitutes a quorum for the Special Meeting. According to the Company’s Proxy Statement, abstentions (Shares for which proxies have been received but for which the holders have abstained from voting) and broker non-votes, which are described below, will be included in the calculation of the number of Shares present at the meeting for purposes of determining whether a quorum has been met. Broker shares that are not voted on any matter will not be included in determining whether a quorum is present.

What are “broker non-votes” and what effect do they have on the proposals?

Generally, broker non-votes occur when shares held by a broker, bank or other nominee in “street name” for a beneficial owner are not voted with respect to a particular proposal because the broker, bank or other nominee has not received voting instructions from the beneficial owner and lacks discretionary voting power to vote those shares with respect to that particular proposal. If your shares are held in the name of a brokerage firm, and the brokerage firm has not received voting instructions from the beneficial owner of the shares with respect to that proposal, the brokerage firm cannot vote the shares on that proposal unless it is a “routine” matter. Under the NYSE Rules, there are no “routine” proposals in a contested proxy solicitation such as this one.

Broker non-votes, if any, with respect to the proposals set forth in this Proxy Statement will not count as votes present and entitled to vote and therefore will not be counted in determining the outcome of any of the Merger Proposals.

What should I do if I receive a proxy card from the Company?

You may receive proxy solicitation materials from EQT, including a merger proxy statement and [white] proxy card. We are not responsible for the accuracy of any information contained in any proxy solicitation materials used by the Company or any other statements that it may otherwise make.

We recommend that you disregard any proxy card or solicitation materials that may be sent to you by the Company. If you have already voted using the Company’s [white] proxy card, you have every right to change your vote by completing and mailing the enclosed GOLD proxy card in the enclosed pre-paid envelope or by voting via Internet or by telephone by following the instructions on the GOLD proxy card. Only the latest validly executed proxy that you submit will be counted; any proxy may be revoked at any time prior to its exercise at the Special Meeting by following the instructions below under “Can I change my vote or revoke my proxy?” If you have any questions or require any assistance with voting your shares, please contact our proxy solicitor, Okapi Partners LLC, toll free at (855) 208-8902 or via email at info@okapipartners.com.

Can I change my vote or revoke my proxy?

Edgar Filing: EQT Corp - Form PREC14A

If you are the shareholder of record, you may change your proxy instructions or revoke your proxy at any time before your proxy is voted at the Special Meeting. Proxies may be revoked by any of the following actions:

· signing, dating and returning the enclosed **GOLD** proxy card (the latest dated proxy is the only one that counts);
· delivering a written revocation or a later dated proxy for the Special Meeting to JANA Partners LLC, c/o Okapi Partners, 1212 Avenue of the Americas, 24th Floor, New York, NY 10036, or to the secretary of the Company; or
· attending the Special Meeting and voting in person (although attendance at the Special Meeting will not, by itself, revoke a proxy).

If your shares are held in a brokerage account by a broker, bank or other nominee, you should follow the instructions provided by your broker, bank or other nominee. If you attend the Special Meeting and you beneficially own Shares but are not the record owner, your mere attendance at the Special Meeting WILL NOT be sufficient to revoke your prior given proxy card. You must have written authority from the record owner to vote your shares held in its name at the meeting. Contact Okapi Partners LLC, toll free at (855) 208-8902 or via email at info@okapipartners.com for assistance or if you have any questions.

IF YOU HAVE ALREADY VOTED USING THE COMPANY'S [WHITE] PROXY CARD, WE URGE YOU TO REVOKE IT BY FOLLOWING THE INSTRUCTIONS ABOVE. Although a revocation is effective if delivered to the Company, we request that either the original or a copy of any revocation be mailed to JANA Partners LLC, c/o Okapi Partners, 1212 Avenue of the Americas, 24th Floor, New York, NY 10036.

The costs related to this Proxy Solicitation will be borne by JANA. Costs of this Proxy Solicitation are currently estimated to be approximately \$[]. The actual amount could be higher or lower depending on the facts and circumstances arising in connection with the solicitation. We estimate that through the date hereof, JANA’s expenses in connection with this Proxy Solicitation are approximately \$[]. If successful, JANA may seek reimbursement of these costs from the Company. In the event that JANA decides to seek reimbursement of its expenses, JANA does not intend to submit the matter to a vote of the Company’s shareholders. The Board would be required to evaluate the requested reimbursement consistent with its fiduciary duties to the Company and its shareholders. Costs related to the solicitation of proxies include expenditures for attorneys, public relations and other advisors, solicitors, printing, advertising, postage, transportation and other costs incidental to the solicitation.

ANNEX I: INFORMATION ON THE PARTICIPANT

This Proxy Solicitation is being made by JANA Partners LLC. JANA is a private money management firm which holds Shares of the Company in various accounts under its management and control. The principal owner of JANA is Barry Rosenstein (“Mr. Rosenstein”). The principal business address of JANA and Mr. Rosenstein is 767 Fifth Avenue, 8th Floor, New York, New York 10153.

As of the close of business on September 11, 2017, JANA beneficially owns 10,257,129 Shares, representing approximately 5.9% of the Shares outstanding. JANA has sole voting and dispositive power over the 10,257,129 Shares, which power is exercised by Mr. Rosenstein.

Such Shares were acquired with investment funds in accounts managed by JANA and margin borrowings described in the following sentence. Such Shares are held by the investment funds managed by JANA in commingled margin accounts, which may extend margin credit to JANA from time to time, subject to applicable federal margin regulations, stock exchange rules and credit policies. In such instances, the positions held in the margin accounts are pledged as collateral security for the repayment of debit balances in the account. The margin accounts bear interest at a rate based upon the broker’s call rate from time to time in effect. Because other securities are held in the margin accounts, it is not possible to determine the amounts, if any, of margin used to purchase the Shares reported herein.

JANA has entered into a nominee agreement (the “Nominee Agreement”) with each of Jonathan Z. Cohen (“Mr. J. Cohen”) and Daniel C. Herz (“Mr. Herz” and together with Mr. J. Cohen, the “Potential Nominees”) whereby each Potential Nominee agreed to become a member of a slate of nominees (the “Slate”) and stand for election as a director of the Company in connection with a proxy solicitation (the “Proxy Solicitation”) which may be conducted by JANA in respect of the 2018 annual meeting of shareholders of the Company (the “2018 Annual Meeting”). Pursuant to each Nominee Agreement, JANA has agreed to pay the costs of soliciting proxies in connection with the 2018 Annual Meeting, and to defend and indemnify each Potential Nominee against, and with respect to, any losses that may be incurred by them in the event they become a party to litigation based on their nomination as a candidate for election to the Board and the solicitation of proxies in support of their election. Each Potential Nominee received compensation under the Nominee Agreement in the amount of \$75,000, and an additional \$180,000 in the event of his or her appointment or election. Each Potential Nominee agreed to hold Shares with a market-value equal to \$255,000 (adjusted for taxes) as of the date of his or her appointment, subject to certain exceptions until the later of when such Potential Nominee is no longer a director of the Company and three years. JANA also entered into a cooperation agreement (the “Cooperation Agreement”) with Edward E. Cohen (“Mr. E. Cohen”) whereby Mr. E. Cohen has agreed to comply with certain confidentiality obligations and trading restrictions. None of Messrs. Mr. J. Cohen, Mr. Herz and Mr. E.
