Schedule of Assets Held for Investment Purposes	9

Report of Independent Accountants

To the Participants and Administrator of the
 Medtronic, Inc. and Participating Employers
 Supplemental Retirement Plan:

In our opinion, the accompanying statement of assets available for benefits and the related statement of changes in assets available for benefits present fairly, in all material respects, the assets available for benefits of the Medtronic, Inc. and Participating Employers Supplemental Retirement Plan (the "Plan") at April 30, 2002 and 2001, and the changes in assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of Assets Held For Investment Purposes at April 30, 2002 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

As further described in Note 1, Compensation Committee of the Board of Directors has approved the merger of the Plan into the Medtronic, Inc. Employee Stock Ownership and Supplemental Retirement Plan.

**Medtronic, Inc. and Participating Employers
Supplemental Retirement Plan
Notes to Financial Statements**

1. Description of the Plan

The following description of the Medtronic, Inc. and Participating Employers Supplemental Retirement Plan (the "Plan") provides only general information. Participants should refer to the Plan document for a complete description of the Plan's provisions.

General

The Plan is a contributory defined contribution plan created by Medtronic, Inc. (the "Company"). The Company established the Plan to help employees increase retirement savings and provide financial security upon retirement. The Plan was available to all eligible regular full-time and part-time employees immediately upon hire. Employee contributions were subject to certain IRS limits on allowable compensation and maximum contribution amounts. The Plan qualifies under Section 401(a) of the Internal Revenue Code of 1986, as amended, and is subject to the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA").

Transfer of Plan Assets

The Compensation Committee of Board of Directors of the Company approved the merger of the Plan into the Medtronic, Inc. Employee Stock Ownership and Supplemental Retirement Plan (ESOP/SRP). In conjunction with this approval, the assets of the actively employed participants totaling \$936,750,000 were transferred into the ESOP/SRP effective May 31, 2001. No further contributions are allowed into this Plan. Participants who have terminated employment or retired as of May 31, 2001 (hereinafter referred to as "Inactive Participants") were given the election to keep their assets in the Plan for a period of up to two years. After May 31, 2003, the remaining Plan assets will be transferred into the ESOP/SRP.

Administration

The Qualified Plan Committee oversees the administration of the Plan. The committee appointed Vanguard Fiduciary Trust Company as Trustee of the plan assets and Recordkeeper of the Plan. Vanguard Fiduciary Trust Company (hereinafter referred to as the "Trustee") has been appointed to provide participant services, education, and communication services. The Trustee maintains a separate account in the name of each participant in the Plan to record the assets allocated to the participant and the earnings, losses, disbursement, and expenses credited thereto.

Contributions

As a result of the transfer of active participants out of the Plan, there will be no further contributions to this Plan after May 31, 2001. All subsequent employee contributions were made to the ESOP/SRP.

Prior to May 31, 2001, participating employees could contribute 2% to 15% of eligible earnings on a pre-tax basis to the Plan. Participants did not receive matching allocations directly to the Plan, however Participants received matching allocations of Medtronic common stock to their ESOP/SRP accounts. The matching allocation was based on participants' contributions up to 6% of their eligible compensation, and ranged from 50% to 150% of these contributions. Matching allocations totaled approximately \$67,000 (based on monthly contributions for May 2001) and \$33,063,000 for fiscal years 2002 and 2001, respectively. Participants were

Edgar Filing: MEDTRONIC INC - Form 11-K

allowed to transfer matching allocated amounts to any of the SRP investment choices. As inactive participants no longer contribute to the Plan, there will be no further matching allocations into the ESOP/SRP.

Contributions were made to the Plan by participants through payroll deductions. The contributions were allocated to eleven investment choices based upon participant investment decisions. The participants may change the investment decisions at any time by contacting the Trustee. However,

4

any funds exchanged out of the Medtronic Interest Income Fund must remain invested in another investment alternative for a period of at least three months before being moved to the Vanguard Total Bond Market Index Fund. Participants are also limited to two exchanges a month in or out of the Medtronic Common Stock Fund.

Vesting

Participants are 100% vested in their contributions, including earnings and losses thereon at all times. Participants vested in the Company contributions, including earnings and losses thereon, at a rate of 20% per year and remain fully vested on all Company contributions after five years. Participant forfeitures of nonvested amounts reduced the Company contribution. During fiscal years 2002 and 2001, \$292,000 and \$867,000, respectively, were forfeited by terminating employees before these amounts became vested. As of May 31, 2001, forfeitures in the Plan were transferred into the ESOP/SRP and reduced Company contributions.

Distributions

Inactive Participants must take a complete distribution if the value of their account is \$5,000 or less. If the value of the participant's account is greater than \$5,000, the participant may elect to defer distribution until a later date, take a cash withdrawal or request a direct rollover. Participant funds invested in Medtronic stock may be taken in-kind or as cash. If the Inactive Participant retired from the Company, the participant also has the option to take monthly installments from the Plan. An active participant who has attained age 59½ may request a cash distribution for all or a part of the value of the account.

The Company intends to allow Inactive Participants until May 31, 2003 to take a complete distribution from the Plan without taking a complete distribution from the ESOP as well. After this date, if an Inactive Participant elects a complete distribution and has both SRP and ESOP assets, the complete distribution must be taken from both assets. Monthly installments to inactive participants who retired from the Company will be taken from both the SRP and ESOP assets after May 31, 2003.

Active participants could take hardship withdrawals from the Plan if they incurred financial hardship. The hardship withdrawal is only available to meet immediate and severe financial needs that cannot be met through other available sources in the Plan including the available loan provisions. The amount of the hardship withdrawal cannot exceed the amount of the financial need and will be taxed upon distribution with a 10% penalty tax imposed. Inactive participants are not eligible to take hardship withdrawals.

Upon the death of a participant, the account becomes fully vested and will be paid to the designated beneficiary, or if no beneficiary has been designated, the balance will be paid according to the terms and conditions of the Plan. The beneficiary has the option to take the Medtronic stock in-kind or as cash.

Participant Loans

Prior to April 30, 2001, participants were limited to only one loan outstanding at a time and could borrow up to 50% of their vested balance not to exceed the maximum loan amount of \$50,000. The minimum loan amount is \$1,000. Loans are repaid through payroll deduction in equal amounts over one to five years. The interest rate is calculated as one percentage point over the prime rate in effect at US Bank, N.A., on the first workday of the month in which the loan is made and remains fixed for the duration of the loan. At April 30, 2002, loans receivable were due at various dates through 2007 with interest ranging from 6.0% to 10.5%.

Effective after April 30, 2001, no new loans were permissible as only active employees are allowed to take a loan from the Plan.

5

Termination of the Plan

Termination or retirement benefits are paid by the Trustee in accordance with the provisions of the Plan and the instructions of Medtronic, Inc., acting as plan administrator. In the event the Plan is terminated, the Company would cause all amounts in the hands of the Trustee to be allocated and distributed to the participants based upon their investment balance.

2. Summary of Accounting Principles

Basis of Presentation

The accompanying financial statements are prepared on the accrual basis of accounting.

Valuation of Investments

The Plan's investments are stated at fair value, except for its investment contracts, which are valued at contract value. Shares of registered investment companies are valued at quoted market prices which represent the net asset value of shares held by the Plan at year-end. The Medtronic Common Stock Fund is valued at its year-end unit closing price (comprised of year-end market price plus uninvested cash position). Participant loans are valued at estimated fair value, consisting of outstanding principal and related unpaid interest.

Use of Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Transactions and Related Investment Income

Purchases and sales of investments are recorded on a trade-date basis. Interest income is accrued when earned. Dividend income is recorded on the ex-dividend date. Capital gain distributions are included in dividend income. The Plan presents in the Statement of Changes in Assets the net appreciation (depreciation) in the fair value of its investments which consists of realized gains and losses and the unrealized appreciation (depreciation) on those investments.

Administrative Expenses

Administrative expenses are paid by the Plan for the administration of the Plan and maintenance of the accounts. Such expenses consist of recordkeeping fees, trustee fees and account maintenance fees. Participants pay for the fees associated with transactions in the Medtronic Common Stock Fund from their respective Plan accounts. In addition, participants with loans pay an origination and annual loan fees for loan administration and maintenance from their respective Plan accounts.

Payment of Benefits

Benefit payments are recorded upon distribution.

Risks and Uncertainties

The Plan provides for various participant investment options in funds, which can invest in any combination of stocks, bonds, fixed income securities, mutual funds and other investment securities. Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk and uncertainty, it is at least reasonably possible that changes in risks could materially affect participants' account balances and the amounts reported in the Statement of Assets Available for Benefits and the Statement of Changes in Assets Available for Benefits.

Concentration of Market Risk

As of April 30, 2002 and 2001, approximately 45% and 48% of the Plan's assets were invested in

the common stock of Medtronic, Inc. The underlying value of the Medtronic Common Stock Fund is entirely dependent on the performance of Medtronic, Inc. and the market's evaluation of such performance. It is at least reasonably possible that the changes in the fair value of Medtronic, Inc. common stock could materially affect participants' account balances and the amounts reported in the Statement of Assets Available for Benefits and the Statement of Changes in Assets Available for Benefits.

3. Investments

Edgar Filing: MEDTRONIC INC - Form 11-K

The net (depreciation) appreciation in the fair value of investments during 2002 and 2001, including investments purchased and sold, as well as those held during the year, was as follows (in 000's):

	April 30,	
	2002	2001
Medtronic Common Stock Fund	\$ (15,292)	\$ (93,477)
Vanguard 500 Index Fund	(4,283)	(20,774)
Vanguard PRIMECAP Fund	(5,647)	(27,058)
Vanguard Wellington Fund	(191)	4,472
Vanguard Windsor II Fund	402	4,898
Vanguard Explorer Fund	221	(7,073)
Vanguard International Growth Fund	(1,708)	(7,543)
Vanguard U.S. Growth Fund	(1,224)	(19,317)
Vanguard Total Bond Market Index Fund	75	557
Vanguard Extended Market Index Fund	95	(3,794)
	\$ (27,552)	\$ (169,109)

The investments in the Medtronic Interest Income Fund consist of investment contracts issued by financial institutions and of contracts backed by investment-grade, fixed-income securities and bond mutual funds. These investment contracts are valued at their contract values, which approximate fair value, because these investments have fully benefit-responsive features. There are no reserves against contract values for credit risk of contract issuers or otherwise.

The average yield of the Medtronic Interest Income Fund was 6.15% and 6.38% for 2002 and 2001, respectively. The crediting interest rate of the Medtronic Interest Income Fund was 6.03% and 6.45% for 2002 and 2001, respectively. The crediting interest rate is based on a formula agreed upon with the issuer, which cannot be less than zero. Such interest rates are reviewed on a quarterly basis for resetting.

4. Related Party Transactions

The Plan invests in shares of mutual funds managed by an affiliate of Vanguard Trust. Vanguard Trust acts as trustee for all investments of the Plan.

At April 30, 2002, the Plan held 2,878,653 shares of Medtronic, Inc. common stock valued at approximately \$128,647,000. At April 30, 2001, the Plan held 13,767,179 shares of Medtronic, Inc. common stock valued at approximately \$614,016,000.

Total purchases and sales, including purchases and sales of Medtronic stock, for the years ended April 30, 2002 and April 30, 2001 were \$28,630,000 and \$13,548,000 and \$531,526,000 and

7

\$485,121,000, respectively. Transactions in such investments qualify as party-in-interest transactions, which are exempt from the prohibited transaction rules.

5. Reconciliation of Financial Statements to Form 5500

The following is a reconciliation of assets available for benefits per the financial statements to Form 5500 (in 000's):

April 30,

Edgar Filing: MEDTRONIC INC - Form 11-K

	April 30,	
	2002	2001
Assets available for benefits per financial statements	\$ 285,307	\$ 1,291,442
Amounts allocated to withdrawing participants	(3,056)	(4,945)
Assets available for benefits per Form 5500	\$ 282,251	\$ 1,286,497

The following is a reconciliation of benefits paid to participants per the financial statements to Form 5500 (in 000's):

	Year Ended	
	2002	2001
Benefits paid to participants per financial statements	\$ 49,503	\$ 95,598
Add: Amounts allocated to withdrawing participants at end of year	3,056	4,945
Less: Amounts allocated to withdrawing participants at beginning of year	(4,945)	(6,579)
Benefits paid to participants per the Form 5500	\$ 47,614	\$ 93,964

Amounts allocated to withdrawing participants are recorded on Form 5500 for benefit claims that have been processed and approved for payment prior to April 30, but have not yet been paid as of that date.

6. Tax Status

The Plan received a favorable determination letter from the Internal Revenue Service on March 28, 1996. Although the Plan has been amended since receiving the determination letter, the Plan administrator continues to believe the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code. Therefore, no provision for income taxes has been included in the Plan's financial statements.

7. Assets Transferred from Other Plans

During fiscal years 2001, 2000 and 1999, the Company acquired or merged with various companies, including PercuSurge, Inc. and Arterial Vascular Engineering, Inc. In connection with these mergers and acquisitions, \$1.0 million and \$6.4 million of benefit plan assets were transferred into the Plan during fiscal years 2002 and 2001, respectively.

During fiscal year 2001, participants transferred assets from the Medtronic, Inc. Employees Stock Ownership Plan into the Plan of \$3.2 million.

SUPPLEMENTAL SCHEDULE

**Medtronic, Inc. and Participating Employers
Supplemental Retirement Plan
Schedule of Assets Held for Investment Purposes
April 30, 2002
