**Item 9. Regulation FD Disclosure**

From time to time during August and September 2002, William W. McGuire, M.D., Chairman and Chief Executive Officer of UnitedHealth Group Incorporated (the Company), and other senior members of the Company's management team will be meeting with investors and analysts. Those discussions will focus on the Company's strategy, tactics and future outlook, and will include a reaffirmation of the Company's prior publicly disclosed 2002 financial expectations.

**CAUTIONARY STATEMENT FOR PURPOSES OF THE SAFE HARBOR PROVISIONS OF THE PRIVATE SECURITIES LITIGATION REFORM ACT OF 1995**

The Company and its representatives may from time to time make written and oral forward-looking statements, including statements in presentations, press releases, filings with the Securities and Exchange Commission, reports to shareholders and in meetings with analysts and investors. These statements may contain information about financial prospects, economic conditions, trends and unknown certainties. We caution that actual results could differ materially from those that management expects, depending on the outcome of certain factors. Any or all forward-looking statements we make may turn out to be wrong. They can be affected by inaccurate assumptions we might make or by known or unknown risks and uncertainties. Some factors that could cause actual results to differ materially from the forward-looking statements include:

increases in medical costs that are higher than anticipated in establishing our premium rates, including increased use of and cost of medical services;

increases in costs associated with increased litigation, legislative activity and government regulation and review of our industry, including costs associated with compliance with proposed legislation related to the Patients Bill of Rights, e-commerce activities and consumer privacy issues;

heightened competition as a result of new entrants into our market, mergers and acquisitions of health care companies and suppliers and expansion of physician or practice management companies;

events that may negatively affect our contract with AARP, including any failure on our part to service AARP customers in an effective manner and any adverse events that directly effect AARP or its business partners;

medical cost increases associated with our remaining Medicare+Choice operations;

significant reduction in customer retention; and

significant deterioration in economic conditions, including the effects of acts of terrorism, particularly bioterrorism.

This list of important factors is not intended to be exhaustive. A further list and description of these risks, uncertainties and other matters can be found in UnitedHealth Group's reports filed with the Securities and Exchange Commission from time to time, including annual reports on Form 10-K, quarterly reports on Form 10-Q and current reports on Form 8-K. Except to the extent otherwise required by federal securities laws, in making these statements, we are not undertaking to address or update each statement in future filings or communications regarding our business or results, and are not undertaking to address how any of these factors may have caused results to differ from discussions or information contained in previous filings or communications.
