PROXY STATEMENT**

**INFORMATION CONCERNING THE SOLICITATION**

We are furnishing this proxy statement to you in connection with the fiscal year 2007 Annual Meeting of Stockholders of ThermoGenesis Corp. (the Company) to be held on Friday, December 14, 2007, at 9:00 a.m. (PST) at the Sacramento Marriott, Rancho Cordova, located at 11211 Point East Dr., Rancho Cordova, CA 95742, and at any postponement or adjournment thereof (the Meeting).

Only stockholders of record on November 1, 2007, are entitled to notice of and to vote at the Meeting. As used in this Proxy Statement, the terms we, us and our also refer to the Company.

The proxy solicited hereby, if properly signed and returned to us and not revoked prior to its use, will be voted at the Meeting in accordance with the instructions contained therein. If no contrary instructions are given, each proxy received will be voted FOR the nominees for the Board of Directors, FOR ratification of Ernst & Young LLP as our independent registered public accounting firm for fiscal year 2008, AGAINST an amendment of the Bylaws for election of Directors, and at the proxy holder's discretion, on such other matters, if any, which may properly come before the Meeting (including any proposal to adjourn the Meeting). Any stockholder giving a proxy has the power to revoke it at any time before it is exercised by: (i) filing with the Company written notice of its revocation addressed to: Corporate Secretary, ThermoGenesis Corp., 2711 Citrus Road, Rancho Cordova, California 95742, (ii) submitting a duly executed proxy bearing a later date, or (iii) appearing at the Meeting and giving the Corporate Secretary notice of his or her intention to vote in person.

This proxy is solicited on behalf of the Board of Directors of the Company. The Company will bear the entire cost of preparing, assembling, printing and mailing proxy materials furnished by the Board of Directors to stockholders. Copies of proxy materials will be furnished to brokerage houses, fiduciaries and custodians to be forwarded to beneficial owners of the Company's stock entitled to vote. In addition to the solicitation of proxies by use of the mail, some of our officers, directors and employees may, without additional compensation, solicit proxies by telephone or personal interview.

Our Annual Report on Form 10-K for the fiscal year ended June 30, 2007, including financial statements, is included in this mailing. Such report and financial statements are not a part of this proxy statement except as specifically incorporated herein.

This Proxy Statement and form of proxy were first mailed on November 16, 2007 to stockholders of record as of November 1, 2007.

**Help Us Reduce Costs of Our Annual Meeting**

To help the Company reduce costs related to our annual meeting, we ask all stockholders who vote through the Internet to consent to electronic delivery of mailings related to future stockholder meetings. Companies may make their proxy statements and annual reports available online and eliminate mailing hard copies of these documents to those stockholders who consent in advance to electronic distribution. If you hold shares in your own name and you are voting via the Internet, you can consent online when you vote. If you hold shares through an intermediary, such as a broker or bank, please refer to the information provided by your bank or broker for instructions on how to consent to electronic distribution.

**Table of Contents****RECORD DATE AND VOTING RIGHTS**

The Company is currently authorized to issue up to 80,000,000 shares of Common Stock, \$0.001 par value and 2,000,000 shares of Preferred Stock, \$0.001 par value. As of October 25, 2007, 55,701,175 shares of Common Stock were issued and outstanding and no shares of Preferred Stock were outstanding. Each share of Common Stock shall be entitled to one (1) vote on all matters submitted for stockholder approval. The record date for determination of stockholders entitled to notice of and to vote at the Meeting is November 1, 2007.

A majority of the outstanding shares of Common Stock of the Company, entitled to vote must be represented in person or by proxy at the Meeting to constitute a quorum for the transaction of business.

Under Delaware law, abstentions and broker non-votes are counted as present for determining quorum. For the election of directors, the nominees for director who receive the most votes will become our directors. There are no cumulative voting rights. A majority of quorum is required to approve all other proposals. Abstentions are treated as a vote against the proposal and broker non-votes will not be counted either for or against any proposal to determine if a proposal is approved.

**PROPOSAL 1 ELECTION OF DIRECTORS****General Information**

Our bylaws presently provide that the authorized number of directors may be fixed by resolution of the Board from time to time, with a minimum of not less than three (3) directors and a maximum of seven (7) directors. The Board currently has fixed the authorized number of directors at five (5) and is actively seeking possible additional candidates for the Board whose experience and relationships will materially add to those attributes possessed by the five members currently proposed for the Board.

At the Meeting, stockholders will be asked to elect the nominees for director listed below, each of whom is a current member of the Company's Board of Directors.

**Nominees for Director**

The nominees for director have consented to being named as nominees in this Proxy Statement and have agreed to serve as directors, if elected. Unless otherwise instructed, the proxy holders will vote the proxies received by them for the five (5) nominees named below. If any nominee of the Company is unable or declines to serve as a director at the time of the Meeting, the proxies will be voted for any nominee designated by the present Board of Directors to fill the vacancy. The Board of Directors has no reason to believe that any of the nominees will be unavailable for election. The Directors who are elected shall hold office until the next Annual Meeting of Stockholders or until their earlier death, resignation or removal, or until their successors are elected and qualified.

The following sets forth the persons nominated by the Board of Directors for election and certain information with respect to those individuals:

**RECOMMENDATION OF THE BOARD**

THE BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THE NOMINEES LISTED ABOVE.

**PROPOSAL 2 RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee of the Board of Directors has appointed Ernst & Young LLP ( E&Y ) as the Company s independent registered public accounting firm for our fiscal year ending June 30, 2008. E&Y also served as the Company s independent registered public accounting firm for our 2007 fiscal year. The Board of Directors concurs with the appointment and is submitting the appointment of E&Y as our independent registered public accounting firm for stockholder ratification at the annual meeting.

A representative of E&Y is expected to be present at the annual meeting. The E&Y representative will have an opportunity to make a statement if he or she wishes to do so and will be available to respond to appropriate questions from stockholders.

Our Bylaws do not require that the stockholders ratify the appointment of E&Y as our independent registered public accounting firm. We are seeking ratification because we believe it is a good corporate governance practice. If the stockholders do not ratify the appointment, the Audit Committee will reconsider whether to retain E&Y, but may retain E&Y in any event. Even if the appointment is ratified, the Audit Committee, in its discretion, may change the appointment at any time during the year if it determines that a change would be in the best interests of the Company and its stockholders.

**RECOMMENDATION OF THE BOARD**

THE BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS THE COMPANY S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE CURRENT YEAR.

**PROPOSAL 3 STOCKHOLDER PROPOSAL REGARDING THE MANNER IN WHICH DIRECTORS ARE ELECTED**

Walter Purnell has submitted the following proposal. The address and the number of voting securities held by Mr. Purnell shall be provided to the stockholders upon receiving oral or written request.

**PROPOSAL**

Resolved that the stockholders of ThermoGenesis Corp amend the by-laws of the company and/or certificate of incorporation and other legal documents of the company to provide for the following:

1. That Directors in an uncontested election shall be elected by a majority of the shares present in person or represented by proxy, provided a quorum is present at the meeting;
2. That Directors in contested elections shall be elected by a plurality;

**Table of Contents**

3. That in the instance on an uncontested election, a director who is recommended by the Board of Directors for reelection will execute a conditional resignation, effective only if the votes against his or her election exceed the votes in favor of his or her election;
4. That in the case of the conditional resignation becoming effective, the Board member will leave the board on the earlier of the selection of a new Director, or, 90 days after the vote is determined; and
5. That a Director who resigns per (4) shall not be re-nominated by the Board of Directors for a subsequent term. The following statement has been submitted in support of the resolution.

Across the US corporate landscape a wave of change is occurring in matters of corporate governance. Over the last several years steps to improve disclosure, accountability and responsiveness have been put in place both by corporations and by the governing bodies. One of the most important and frequently adopted changes has been implementing majority voting for directors in place of the outmoded current system. General Electric, Pfizer, Intel, Nisource and dozens of other companies have implemented one of the various forms of this change over the last few years and dozens more are being proposed for this proxy season.

As majority voting proposals have been enacted some concerns appeared and the later proposals have attempted to tighten the rules. The proposal submitted here has been structured to take advantage of the lessons learned in earlier proposals by providing alternate rules for contested elections (where there are more candidates for Director than there are openings) and providing definitive rules for dealing with a failed election.

Recently several governing bodies have enacted legislation to support and encourage majority voting proposals. For example, Delaware recently passed an amendment to the Delaware General Corporate Law (DGCL) providing that a corporation can make a resignation effective upon the occurrence of a future event (i.e., a corporation is permitted to enforce a director's resignation conditioned upon the failure of the director to achieve a specified vote for reelection). California enacted Senate Bill 1207 (effective January 1, 2007) describing how a timetable may be set for removal from the board of a Director who fails to get the required number of votes. I have used that language in this proposal.

ThermoGenesis is a company in a critical field that is moving toward becoming a world class provider of state of the art medical equipment. It should also have state of the art governance. I strongly recommend that shareholders approve this proposal.

**BOARD OF DIRECTORS RESPONSE**

The Board believes that adherence to sound corporate governance policies and practices is important in ensuring that ThermoGenesis is governed and managed with the highest standards of responsibility, ethics and integrity and in the best interests of its stockholders. It is equally important to ensure that the mechanisms through which stockholders participate are those that best serve the interests of the company and its stockholders. Delaware law provides that directors shall be elected by a plurality of the votes of the shares present in person or represented by proxy at the annual meeting and entitled to be voted in a director election, so long as a quorum is present at the meeting. This proposal would alter this longstanding and widespread election voting procedure. For the following reasons, at this time, the Board of Directors believes it would not be in the best interests of ThermoGenesis stockholders to change the method by which directors are elected.

**Table of Contents**

First, given ThermoGenesis' record of strong corporate practices, we believe that this proposal is unnecessary. In fact, in our view, it is that strong record that accounts for the extremely high level of support our director candidates have received over the years. ThermoGenesis' directors have historically received votes in excess of 65 % of the outstanding shares and in excess of 80% of the shares voted in the election of directors.

Second, the Board of Directors already considers stockholder interests and desires in making its director nominations. The Governance & Nominating Committee of the Board of Directors, comprised entirely of independent directors, considers a set of criteria in selecting candidates for election to the board and considers candidates recommended by stockholders in the same manner as other candidates. Consequently, adoption of this proposal is not necessary in order to compel or encourage the board to consider stockholder interests and desires.

Third, we believe this proposal has the potential for unintended negative consequences. For example, a majority voting standard will take away from the stockholders a very important and effective means of expressing to the board their concerns about certain matters. So-called "Just Vote No Campaigns" have been effective in changing policies at numerous corporations. If a majority vote standard is adopted, stockholders will be reluctant to use their withhold vote to express concern since it could result in the removal of a director which may not be the stockholders' intent. In addition, adoption of the proposal could force the company to deal with the consequences of a failed election, or one in which one or more directors are not seated on the Board. Among other negative consequences, such a circumstance could affect the company's compliance with listing standards or other requirements for maintaining independent directors or directors who are financial experts.

The practical difficulties and issues surrounding the implementation of a majority voting standard are currently being discussed and evaluated by governmental authorities, scholars, corporations and investors. As a result, various alternatives to a majority voting standard are being considered and implemented. The Board of Directors will follow this evolving area and believes that, given the current uncertainties as to the legal and practical implications of a majority vote standard, such as the possibility of a failed election as mentioned above, making amendments to the Company's Bylaws is not a productive way to address the proponent's concerns at this time. The Board of Directors is committed to maintaining the highest standards of corporate governance, and in the event a workable consensus as to best practices emerges, will carefully consider whether such a change is in the best interests of ThermoGenesis stockholders.

Until that time, the Board of Directors strongly urges stockholders to vote against the proposal to require majority voting for the election of directors.

**RECOMMENDATION OF THE BOARD**

FOR THE FOREGOING REASONS, THE BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS VOTE AGAINST THE STOCKHOLDER PROPOSAL.

**Security Ownership of Certain Beneficial Owners and Management**

The Company has only one class of stock outstanding, its common stock. The following table sets forth certain information as of September 30, 2007, with respect to the beneficial ownership of our common stock for (i) each director, (ii) each Named Executive Officer, (iii) all of our directors and officers as a group, and (iii) each person known to us to own beneficially five percent (5%) or more of the outstanding shares of our Common Stock. As of September 30, 2007, there were 55,701,175 shares of Common Stock outstanding.

From January 2003 to September 2006 Mr. Simpson was the Company's President and Chief Operating Officer. In 2001 and 2002, Mr. Simpson was General Manager of the Pathogen Reduction Technology Business Unit at Gambro Healthcare, Inc. Prior to that, he was a Managing Consultant in the Strategy Group of Breakaway Solutions Inc., a provider of hosted business to business e-commerce applications and packaged applications from 2000-2001. Prior to that, Mr. Simpson spent eight years at Haemonetics Corporation, most recently as Vice President of the Commercial Plasma Business Unit and Vice President, Sales and Sales Operations for plasma sales. Mr. Simpson holds a Bachelor of Science in Mechanical Engineering from Purdue University and a Masters of Business Administration from Harvard Business School.

**EXECUTIVE COMPENSATION**

**Compensation Discussion and Analysis**

This compensation discussion and analysis describes the material elements of the Company's compensation programs as they relate to our executive officers who are listed in the compensation tables appearing elsewhere in this proxy statement. This compensation discussion and analysis focuses on the information contained in the following tables and related footnotes, but also describes other arrangements and actions taken since the end of fiscal 2007 to the extent such discussion enhances the understanding of our executive compensation for fiscal 2007. Throughout this proxy statement, the individuals who served as the Company's Chief Executive Officer and Chief Financial Officer during fiscal 2007, as well as the other individuals included in the Summary Compensation Table, are referred to as the named executive officers.

*Overview of Compensation Committee Role and Responsibilities*

The Compensation Committee of the Board of Directors oversees our compensation plans and policies, reviews and approves all decisions concerning named executive officers' compensation, which may further be approved by the Board, and administers our stock option and equity plans, including reviewing and approving stock option grants and equity awards under the plans. The Compensation Committee's membership is determined by the Board and is composed entirely of independent directors.

**Table of Contents**

Management plays a role in the compensation-setting process. The most significant aspects of management's role are to evaluate employee performance and recommend salary levels and equity compensation awards. Our Chief Executive Officer often makes recommendations to the Compensation Committee and the Board concerning compensation for other executive officers. Our Chief Executive Officer is a member of the Board but does not participate in Board decisions regarding any aspect of his own compensation. The Compensation Committee can retain independent advisors or consultants and has done so in the past.

*Compensation Committee Process*

The Compensation Committee reviews executive compensation upon the signing of an employment agreement, an increase in responsibilities or other factors. With respect to equity compensation awarded to other employees, the Compensation Committee or the Board grants stock options, often after receiving a recommendation from our CEO.

*Compensation Philosophy*

The Compensation Committee emphasizes the important link between the Company's performance, which ultimately increases stockholder value, and the compensation of its executives. Therefore, the primary goal of the Company's executive compensation policy is to try to align the interests of the executive officers with the interests of the stockholders. In order to achieve this goal, the Company attempts to (i) offer compensation opportunities that attract and retain executives whose abilities and skills are critical to the long-term success of the Company and reward them for their efforts in ensuring the success of the Company, (ii) align the Company's compensation programs with the Company's long-term business strategies and objectives, and (iii) provide variable compensation opportunities that are directly linked to the Company's performance and stockholder value, including an equity stake in the Company. Our named executive officers' compensation utilizes two primary components—base salary and long-term equity compensation—to achieve these goals. Additionally, the Compensation Committee may award discretionary bonuses to certain executives based on the individual's contribution to the achievement of the Company's strategic objectives.

*Setting Executive Compensation*

We fix executive base compensation at a level we believe enables us to hire and retain individuals in a competitive environment and to reward satisfactory individual performance and a satisfactory level of contribution to our overall business goals. We also take into account the compensation that is paid by companies that we believe to be our competitors and by other companies with which we believe we generally compete for executives. In 2004 the Compensation Committee retained Pearl Meyer & Partners (PM&P) to assess the Company's compensation programs for executive officers, the executive pay strategy and to identify possible revisions to our executive compensation programs. As part of its analysis, PM&P developed a peer group of 19 companies for the purposes of comparing the peer group executive compensation programs to that of the Company's. The members of the peer group were reviewed by management and approved by the Compensation Committee. The peer group was selected based on industry, organization size, geographical location of corporate office and financial performance. The peer group included: Aastrom Biosciences Inc., Closure Medical Corp., CryoLife Inc., StemCells Inc., Abaxis Inc., Abiomed Inc., Cardima Inc., Cardiotech International Inc., Cepheid Inc., Cerus Corp., Diomed Holdings Inc., Endocare Inc., Illumina Inc., Immunomedics Inc., Large Scale Biology Corp., Lifecell Corp., North American Scientific Inc., Rita Medial Systems Inc. and Vision-Sciences Inc. The assessment provided the Compensation Committee with a comprehensive comparison of the compensation paid to the Company's executive officers with that paid to similarly situated executives in the peer group. The Compensation Committee adjusted salaries as of the beginning of fiscal 2005, July 1, 2004, based on the report and recommendations prepared by PM&P. In adjusting salaries, the Compensation Committee set base salary at the midpoint range or below the midpoint range based on the executive's experience and level of responsibility. The Compensation Committee has not adopted any

**Table of Contents**

formal or informal policies or guidelines for allocating compensation between the components of base salary, long term equity compensation or discretionary bonuses. Also, there are no formal or informal policies regarding allocation between long-term and currently paid out compensation or between cash and non-cash compensation. This is due to the need to tailor each executive officers' compensation to attract and retain that executive officer. Further, the Compensation Committee periodically reviews peer group compensation.

*Base Salary*

The Company provides executive officers and other employees with base salary to compensate them for services rendered during the fiscal year. The base salary component of total compensation is intended to compensate executives competitively within the industry and the marketplace. Subject to the provisions contained in employment agreements with executive officers concerning base salary amounts, base salaries of the executive officers are established by the Compensation Committee based upon compensation data of comparable companies in our market, the executive's job responsibilities, level of experience, individual performance and contribution to the business. We believe it is important for the Company to provide adequate fixed compensation to highly qualified executives in our competitive industry. In making base salary decisions, the Compensation Committee uses its discretion and judgment based upon personal knowledge of industry practice but does not apply any specific formula to determine the base salaries for the named executive officers.

*Chief Executive Officer.* In April 2007, the Company and Mr. Philip H. Coelho, Chairman and Chief Executive Officer of the Company, entered into a new three year employment agreement to further the Company's strategic goal for succession planning. Under the agreement, (i) Mr. Coelho agreed to remain as Chief Executive Officer of the Company until his replacement is identified and retained, at which time he will serve as the Chief Technology Architect of the Company; and (ii) he will continue to serve as Chairman of the Board, at the Board's discretion, for a period of three years. The agreement provided for an annual base salary of \$360,000, which was his base salary level for fiscal 2006 and which the Company believes is competitive with other similar companies. The Compensation Committee retained Frederic W. Cook & Company to evaluate and opine on the proposal and terms. Effective July 30, 2007, Dr. William R. Osgood was appointed CEO and Mr. Coelho resigned as CEO. Based on his new title and responsibilities, the Board of Directors increased Dr. Osgood's annual base salary to \$345,000.

In fiscal 2006, to review the Chief Executive Officer's salary, the Compensation Committee requested the Chief Financial Officer to prepare an update to the compensation analysis performed by PM&P in 2004, with primarily the same peer group. In reviewing Mr. Coelho's base salary, the Compensation Committee did not target the higher end of competitive salaries, given the current stage of the Company's development. Based on a review of Mr. Coelho's performance during the previous year, including restructuring in operations, advancement of key strategic alliances and closing the largest financing in company history, the Compensation Committee increased Mr. Coelho's base salary to \$360,000 effective April 1, 2006. The Compensation Committee did not adjust Mr. Coelho's base salary through fiscal 2007.

*President and Chief Operating Officer.* In January 2003, the Company and Mr. Kevin Simpson entered into an employment agreement whereby Mr. Simpson agreed to serve as President and Chief Operating Officer of the Company. The agreement provided for a base salary rate of at least \$217,200 per year, subject to annual increases as may be determined. As a result of the compensation analysis during fiscal 2004 described above, the Compensation Committee increased Mr. Simpson's base salary rate for fiscal 2005 to \$230,000. The Compensation Committee did not adjust Mr. Simpson's base salary through fiscal 2007. Effective April 30, 2007 Mr. Simpson resigned his position and received severance pay equal to six months of his annual salary or \$115,000.

**Table of Contents**

Effective April 26, 2007, the Company appointed Dr. William R. Osgood as President and Chief Operating Officer. Since January 1, 2007, Dr. Osgood served as the Company's General Manager of Operations pursuant to an employment agreement entered into in December 2006. Based on his new title and responsibilities, the Board of Directors increased Dr. Osgood's annual base salary to \$290,000. As discussed above, Dr. Osgood was appointed CEO on July 30, 2007.

*Chief Financial Officer.* In May 2005, the Company entered into an employment agreement with Mr. Matthew Plavan whereby Mr. Plavan agreed to serve as Chief Financial Officer. The agreement provided for a base salary rate of at least \$175,000 per year, subject to annual increases as may be determined. Effective March 16, 2006, the Compensation Committee increased Mr. Plavan's base salary to \$195,000 based on his instrumental role in the fiscal 2006 financing and the restructuring strategy.

Effective April 26, 2007, the Company and Mr. Plavan agreed to increase and consolidate additional duties as part of his responsibilities. In addition to his current duties, Mr. Plavan assumed the duties of managing investor relations for the Company. The Board of Directors approved an increase in his annual base salary to \$230,000, based on his new duties, level and performance.

*Vice President, Research and Development.* In August 2004, the Company entered into an employment agreement with Dr. Dennis Marr whereby Dr. Marr agreed to serve as Vice President of Research and Development. The agreement provided for a base salary rate of at least \$175,000 per year, subject to annual increases as may be determined. The Compensation Committee did not adjust Dr. Marr's base salary through fiscal 2007. Dr. Marr's employment agreement ended on August 22, 2007 and was not renewed. Dr. Marr received severance pay equal to three months of his salary or \$43,750.

*Vice President, Scientific Affairs.* In March 2006, the Company entered into an employment agreement with Dr. John Chapman whereby Dr. Chapman agreed to serve as Vice President, Scientific Affairs. The agreement provided for a base salary rate of at least \$175,000 per year, subject to annual increases as may be determined. The Compensation Committee did not adjust Dr. Chapman's base salary through fiscal 2007. On August 22, 2007, Dr. Chapman was appointed Vice President, Research and Development and Scientific Affairs and his annual base salary was increased to \$215,000.

*Long-term Equity Compensation*

The Compensation Committee provides the Company's executive officers with long-term equity compensation in the form of stock option grants or restricted stock grants under the Company's Amended 1998 Equity Incentive Plan or the 2006 Equity Incentive Plan (the "Equity Plans"). The ability to provide equity incentives, through the granting of stock options and other equity-based compensation, gives the Compensation Committee the ability to create a combination of cash and stock-based incentive compensation programs to promote high performance and achievement of corporate goals by executives and employees. The Compensation Committee believes that stock based compensation provides the Company's executive officers with the opportunity to maintain an equity interest in the Company and to share in the appreciation of the value of the Company's common stock, thereby motivating the executive to maximize long-term stockholder value. It is the Company's practice to grant options or restricted stock from time to time to executive officers at the fair market value of the Company's common stock on the date of grant. The option grants also place what can be a significant element of compensation at risk, because stock options have value for the executive only if the market price of the Company's stock increases above the fair market value on the grant date and the executive remains in the Company's employ for the period required for the shares to vest. The Compensation Committee considers each grant subjectively, considering factors such as the individual performance of the executive officer, the anticipated contribution of the executive officer to the attainment of the Company's long-term strategic performance goals and the need to retain key employees. The number of stock options or restricted stock shares granted to other executives in prior years and the total number of shares available for issuance under the Equity Plans are also taken into consideration.

**Table of Contents**

Stock options typically have been granted to executive officers when the executive first joins the Company, in connection with a significant change in responsibilities, in response to changes in industry practices and, occasionally, to achieve equity within a peer group. The Compensation Committee may, however, grant additional stock options to executives and employees for other reasons. Awards of equity-based compensation are not routinely made but may occur throughout the year. Stock options granted to the named executive officers have vesting schedules ranging from nine months to five years. Generally, we do not time the granting of our options or awards with any favorable or unfavorable news released by the Company, except that on occasion, the Compensation Committee times the grant to occur after information concerning the Company is publicly released. We do not have any program, plan or practice that requires us to grant equity-based awards on specified dates, other than for outside directors under the provisions of our Independent Directors Equity Incentive Plan, as described elsewhere under the heading Director Compensation . Although the Company has historically only issued stock options and restricted shares, it may in the future grant stock appreciation rights, or other equity-based compensation as permitted in the Equity Plans and as determined appropriate by the Compensation Committee.

As described in the proxy statement of the Company in connection with last year's annual meeting of stockholders, as part of the adoption of the Company's 2006 Equity Incentive Plan, and in connection with transition planning for the Company, the Nominating Committee, in conjunction with the Compensation Committee, proposed, upon stockholder approval of the plan, to grant 500,000 shares of restricted common stock to Philip H. Coelho, our Chief Executive Officer. Following stockholder approval of the plan, on April 26, 2007, the Company awarded the 500,000 shares of restricted stock to Mr. Coelho in connection with entering into his new employment agreement. Under the terms of the award, one-third of the shares vest on April 26, 2008, the first anniversary of the grant date, and the balance vest ratably monthly over a two-year period thereafter. The award provides for acceleration of vesting upon fulfillment of certain objectives established by the Board Committees: (1) Company's engagement of a new Chief Executive Officer and confirmation by the Board of Directors, (2) development and Board approval of a transition plan for a new Chief Executive Officer and transition of Mr. Coelho to the position of Chief Technology Architect and (3) entry into the Employment Agreement for a term of three years. In no event however, can vesting of the shares based on achievement of these performance goals be accelerated to a date before the first anniversary of the award date. The Compensation Committee believed that the extensive industry knowledge, experience and relationships gained through years of unique contributions to the technology, science and clinical research by Mr. Coelho was important to retain in connection with the strategic goal of successful transition planning. The award was intended to provide appropriate incentive for Mr. Coelho to continue to perform in his existing position while focusing on the timely search and hiring of key executives and the development and execution of effective transition plans, including a succession plan for the Chief Executive Officer, that will allow the new executives to direct the Company on its desired path towards performance growth and profitability. The Compensation Committee retained Frederic W. Cook & Company to review the terms of the award to Mr. Coelho.

In connection with his appointment in December 2006 as General Manager of Operations, on January 3, 2007, the Company granted a stock option to Dr. William Osgood to purchase up to 150,000 shares. The option vests in three equal annual installments on October 3, 2007, 2008 and 2009. In determining the amount of the grant, the Compensation Committee took into account Dr. Osgood's experience, position and the number of options granted to other officers. In connection with his appointment to CEO, on August 1, 2007, the Compensation Committee granted a stock option to Dr. Osgood to purchase up to 320,000 shares. The option vests over three years, 1/3 each year, based on meeting annual performance objectives as approved by the Compensation Committee.

**Table of Contents**

In connection with the increase in his job responsibilities, on April 26, 2007, the Compensation Committee approved an award of 10,000 shares of restricted common stock to Matthew Plavan, our Chief Financial Officer, one-half vesting immediately and the remainder on the first anniversary of the grant date. On August 10, 2007, the Compensation Committee granted a stock option to Mr. Plavan to purchase up to 175,000 shares. The option vests in three equal annual installments on August 10, 2008, 2009 and 2010. In determining the amount of the grant, the Compensation Committee took into account Mr. Plavan's performance over the prior year, his level of responsibilities and the number of options granted to other officers.

On August 10, 2007, the Compensation Committee granted a stock option to Dr. John Chapman to purchase up to 80,000 shares. The option vests in three equal annual installments on August 10, 2008, 2009 and 2010. In determining the amount of the grant, the Compensation Committee took into account Dr. Chapman's performance over the prior year, his promotion to vice president and the number of options granted to other officers.

*Bonuses*

The bonus component of executive compensation is designed to reflect the Compensation Committee's belief that a portion of the compensation of each executive officer should be contingent upon the performance of the Company, as well as the individual contribution of each executive officer. The bonus is intended to motivate and reward executive officers by allowing the executive officers to directly benefit from the success of the Company. We have not historically paid any automatic or guaranteed bonuses to our executive officers. However, we have from time to time paid signing, retention or other bonuses to particular executive officers. All executive employment contracts provide generally for a discretionary bonus of up to 35% of the executive's base salary, which is to be determined by the Compensation Committee based on individual performance criteria and Company achievement of profitability during the year.

The Compensation Committee did not establish any specific bonus plans or objectives for the named executive officers with respect to the fiscal 2007 year, and did not pay any bonuses to any named executive officers with respect to the fiscal 2007 year in light of the Company's performance and lack of profitability during 2007.

*401(k) Plan*

The Company maintains a retirement savings plan, or 401(k) Plan, for the benefit of our executives and employees. Our 401(k) Plan is intended to qualify as a defined contribution arrangement under the Internal Revenue Code (Code). Participants may elect to defer a percentage of their eligible pretax earnings each year or contribute a fixed amount per pay period up to the maximum contribution permitted by the Code. All participants' plan accounts are 100% vested at all times. All assets of our 401(k) plan are currently invested, subject to participant-directed elections, in a variety of mutual funds chosen from time to time by the Plan Administrator. Distribution of a participant's vested interest generally occurs upon termination of employment, including by reason of retirement, death or disability. Historically, we have not made matching or other contributions to the 401(k) Plan.

**Table of Contents**

*Severance and Change in Control Agreements*

The Company has entered into employment agreements with each of its named executive officers. These agreements include provisions for severance payments in certain circumstances. The Compensation Committee considers these agreements to provide the named executive officers with the ability to make appropriate, informed decisions on strategy and direction of the Company that may adversely impact their particular positions, but nevertheless are appropriate for the Company and its shareholders. Our Compensation Committee believes that companies should provide reasonable severance benefits to employees, recognizing that it may be difficult for them to find comparable employment within a short period of time and that severance arrangements may be necessary to attract highly qualified officers in a competitive hiring environment. Additional information concerning the terms of the Company's employment, severance and change in control agreements and arrangements appears elsewhere in this proxy statement under the headings, *Employment Agreements* and *Potential Payments Upon a Change in Control*.

Under the employment agreements, in general, in the event the executive is terminated without cause the executive is entitled to six months of base salary. In the case of Mr. Coelho's agreement, if Mr. Coelho is terminated without cause he is entitled to the greater of twelve months of base salary or the remaining term of the agreement. In the case of Dr. Osgood's agreement, if Dr. Osgood is terminated within the first 30 months of the agreement, he is entitled to twelve months of base salary and if the termination occurs during the last six months of the agreement, he is entitled to six months of base salary.

Under the employment agreements, in the event the executive is terminated as a result of a change in control, the executive is entitled to a lump-sum payment equal to three years of base salary. In the case of Mr. Coelho's agreement, if the executive is terminated as a result of a change in control, he is entitled to two years of base salary, provided, that he agrees to remain for a transition period not to exceed six months if requested.

*Perquisites and Other Personal Benefits*

The Company's executive officers participate in the Company's other benefit plans on the same terms as other employees. These plans include medical, dental, life and disability insurance. Relocation benefits also are reimbursed and are individually negotiated when they occur. The Company reimburses each executive officer for all reasonable business and other expenses incurred by them in connection with the performance of their duties and obligations under their employment agreements. The Company does not provide named executive officers with any significant perquisites or other personal benefits.

*Accounting and Tax Considerations*

Effective July 1, 2005, we adopted the fair value recognition provisions of FASB Statement No. 123R, *Share-Based Payment*, or SFAS No. 123R. Under SFAS No. 123R, we are required to estimate and record an expense for each award of equity compensation over the vesting period of the award. Compensation expense and tax considerations relating to the expense of stock options under FAS 123R are one of the many factors considered in the determination of stock option awards. With respect to equity compensation awards, any gain recognized by employees from the exercise of nonqualified options with an exercise price equal to the fair market value of the shares on the date of grant should be deductible. In addition, if we grant restricted stock that is not subject to performance vesting, they may not be fully deductible by us at the time the award is otherwise taxable to employees.

**Table of Contents**

Section 162(m) of the Code limits the Company to a deduction for federal income tax purposes of up to \$1 million of compensation paid to certain named executive officers in a taxable year. Compensation above \$1 million may be deducted if it is performance-based compensation. To maintain flexibility in compensating executive officers in a manner designed to promote varying corporate goals and due to the Company's substantial net operating loss carry forwards, the Compensation Committee has not adopted a policy requiring all compensation to be deductible. The Compensation Committee intends to continue to evaluate the effects of the compensation limits of Section 162(m) and to grant compensation awards in the future in a manner consistent with the best interests of the Company and its shareholders.

*Compensation Committee Report*

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis section with management and recommends that the Compensation Discussion and Analysis section be included in this proxy statement and included or incorporated by reference in the Company's Annual Report on Form 10-K.

<b>Stock Options<sup>(6)</sup></b>		

- (1) Payable in a lump-sum payment.
- (2) Payable in installments at least twice monthly through April 2010 or a lump-sum payment at the time of termination, at Company's election.
- (3) Payable in installments at least twice monthly for six months or a lump-sum payment at the time of termination, at Company's election.
- (4) Payable in installments at least twice monthly for one year or a lump-sum payment at the time of termination, at Company's election.

- (5) In the event of a dissolution or liquidation of the Company, a merger, consolidation, combination or reorganization in which the Company is not the surviving corporation, or a sale of substantially all of the assets of the Company, the administrator will make a determination as to whether the unvested portions of this award will accelerate, be substituted or lapse.
- (6) This table does not include an estimate for the acceleration of vesting of stock options upon a change of control as this benefit is available to all employees with outstanding stock options as provided in the Equity Plans.

**Table of Contents**

Under the employment agreements of Mr. Coelho and Dr. Osgood cause is defined as:

- i) fraud, deliberate injury or intentional material misrepresentation by Executive;
- ii) embezzlement, theft or conversion;
- iii) unauthorized disclosure or other use of the Company's trade secrets, customer lists or confidential information;
- iv) habitual misuse of alcohol or any non-prescribed drug or intoxicant;
- v) willful misconduct that causes material harm to the Company;
- vi) intentional violation of any other standards of conduct as set forth in the Company's employee manual and policies;
- vii) conviction of or plea of guilty to nolo contendere to a felony or to a misdemeanor involving moral turpitude;
- viii) continuing failure to communicate and fully disclose material information to the Board of Directors; or
- ix) debarment by a federal agency that would limit or prohibit the Executive from serving in his capacity under the agreement.

Dr. Osgood's employment agreement also includes the following as definitions of cause :

- x) willful failure by the executive to follow directions communicated by the CEO or
- xi) habitual breach of executive's duties.

Under the employment agreements of Mr. Plavan and Dr. Chapman cause is defined as:

- i) willful or habitual breach of employee's duties;

(1) Payable in bi-weekly installments for three months. Payments cease if Dr. Marr gains full employment.

(2) Payable in bi-weekly installments for six months. However, in July 2007, the Company made a final lump-sum payment.

**DIRECTOR COMPENSATION**

All of our non-employee directors earned director compensation in 2007 in the form of retainers and meeting fees as set forth in the following table.

Quarterly retainer	\$4,500
Annual retainer for Chairman of a Committee	\$5,000
Fee for each Board meeting attended	\$1,000
Fee for each Committee meeting attended when scheduled with a Board meeting	\$ 500
Fee for each Committee meeting attended not scheduled with a Board meeting	\$1,000

In addition, we reimburse our directors for their reasonable expenses incurred in attending meetings of the Board and its committees.

On the first business day of the fiscal year, each of our non-employee directors who have served for one full year automatically receives a nonqualified stock option grant of 15,000 shares under our Independent Directors Stock Option Plan. Upon the initial election of any new non-employee director, the director receives a nonqualified stock option grant of 25,000 shares under our Independent Directors Stock Option Plan. In both instances, the exercise price is equal to the closing price of the common stock on the date of grant and the options are fully vested upon issuance.

During the first quarter of fiscal 2008, the compensation committee retained a third party consultant to evaluate current board compensation levels in furtherance of the Board's attempt to attract and retain additional independent directors. The board of directors adjusted director compensation effective January 1, 2008, except for the

non-executive chairman which is effective as of September 13, 2007, as follows:

Quarterly retainer	\$ 6,000
Annual retainer for Chairman of a Committee	\$ 5,000
Fee for each Board meeting attended	\$ 1,500
Fee for each Committee meeting attended	\$ 1,000
Non-executive Chairman of the Board	\$25,000

**Table of Contents****Director Compensation Table**

The following table sets forth the compensation received by each of the Company's non-employee Directors. Each non-employee director is considered independent under NASD listing standards. Philip Coelho, the Chief Executive Officer of the Company is the Chairman of the Board of directors and receives no additional compensation for serving on the Board. His compensation is described in the Summary Compensation Table above.

<b>Name</b>	<b>Fees Earned or Paid in Cash (\$)</b>	<b>Option Awards<sup>(1)(2)</sup> (\$)</b>	<b>Total (\$)</b>
George Barry	32,500	43,761	76,261
Dr. Hubert Huckel	39,500	43,761	83,261
Patrick McEnany	39,500	43,761	83,261
Dr. Woodrow Myers	33,500		33,500

(1) The amounts reported in the Option Awards column reflect the dollar amounts recognized as stock-based compensation expense in fiscal 2007 for financial accounting purposes (excluding the effect of any estimate of future forfeitures, and reflecting the effect of any actual forfeitures) determined in accordance with FAS 123R. See Note 1 of Notes to Financial Statements set forth in our Annual Report on Form 10-K for fiscal 2007 for the

assumptions used in determining such amounts. The grant date fair value of the options granted to each director named in the Director Compensation Table, determined in accordance with FAS 123R, was \$43,761.

- (2) The following table sets forth the aggregate number of option awards held by each non-employee director as of June 30, 2007:

<b>Name</b>	<b>Aggregate Number of Option Awards</b>
George Barry	41,000
Dr. Hubert Huckel	45,000
Patrick McEnany	45,000
Dr. Woodrow Myers	25,000

**Committees of the Board of Directors**  
**Governance and Nominating Committee**

The Governance and Nominating Committee formed during fiscal 2007 to address general governance and policy oversight; succession planning; to identify qualified individuals to become prospective Board Members and make recommendations regarding nominations for the Board of Directors; to advise the Board with respect to appropriate composition of Board committees; to advise the Board about and develop and recommend to the Board appropriate corporate governance documents and assist the Board in implementing guidelines; to oversee the annual evaluation of the Board and the Company's Chief Executive Officer, and to perform such other functions as the Board may assign to the committee from time to time. The Governance and Nominating Committee is currently interviewing potential candidates to add up to two new independent directors who may be appointed to the board at any time upon their consent to serve. The Governance and Nominating Committee has a Charter which is available on the Company's website at [www.thermogenesis.com](http://www.thermogenesis.com). The Governance and Nominating Committee consists of three independent directors: Mr. McEnany (Chairman), Dr. Huckel and Dr. Myers.

## **Table of Contents**

### **Audit Committee**

The Audit Committee of the Board of Directors makes recommendations regarding the retention of the independent registered public accounting firm, reviews the scope of the annual audit undertaken by our independent registered public accounting firm and the progress and results of their work, reviews our financial statements, and oversees the internal controls over financial reporting and corporate programs to ensure compliance with applicable laws. The Audit Committee reviews the services performed by the independent registered public accounting firm and determines whether they are compatible with maintaining the registered public accounting firm's independence. The Audit Committee has a Charter, which is reviewed annually and as may be required due to changes in industry accounting practices or the promulgation of new rules or guidance documents. The Audit Committee Charter was filed as Exhibit B to the fiscal 2005 proxy statement. The Audit Committee consists of three independent directors as determined by NASD listing standards: Mr. McEnany (Audit Committee Chairman), Dr. Huckel and Dr. Myers. Mr. McEnany is qualified as an Audit Committee Financial Expert.

### **Compensation Committee**

The Compensation Committee of the Board of Directors reviews and approves executive compensation policies and practices, reviews salaries and bonuses for our officers, administers the Company's stock option plans and other benefit plans, and considers other matters as may, from time to time, be referred to them by the Board of Directors. The members of the Compensation Committee are Dr. Huckel (Compensation Committee Chairman), Mr. McEnany and Dr. Myers. The Compensation Committee does not have a Charter.

### **Compensation Committee Interlocks and Insider Participation**

None of the members of our Compensation Committee were at any time an officer or employee of ours. In addition, none of our executive officers serves as a member of the compensation committee of any entity that has one or more executive officers serving as a member of our Compensation Committee, except that Mr. Coelho serves on the compensation committee of Catalyst Pharmaceuticals, Inc., the Chief Executive Officer of which is Mr. McEnany. In October 2006, Mr. Coelho resigned from the Compensation Committee of Catalyst Pharmaceuticals Inc.

### **Nominations to the Board of Directors**

Our directors take a critical role in guiding our strategic direction and oversee the management of the Company. Board candidates are considered based upon various criteria, such as their broad-based business and professional skills and experiences, a global business and social perspective, concern for the long-term interests of the stockholders and personal integrity and judgment. In addition, directors must have time available to devote to Board activities and to enhance their knowledge of the medical device industry. Accordingly, we seek to attract and retain highly qualified directors who have sufficient time to attend to their substantial duties and responsibilities to the Company.

The Board of Directors has a nominating committee. The Board believes given the diverse skills and experience required to grow the Company that the input of all members is important for considering the qualifications of individuals to serve as directors. The Nominating Committee recommends a slate of directors for election at the annual meeting. In accordance with Nasdaq rules, the slate of nominees is approved by a majority of the independent directors. Dr. Huckel, Mr. McEnany and Dr. Myers, each members of the Nominating Committee, are independent as defined in the NASD listing standards.

In carrying out its responsibilities, the Board will consider candidates suggested by stockholders. If a stockholder wishes to formally place a candidate's name in nomination, however, he or she must do so in accordance with the provisions of the Company's Bylaws. Suggestions for candidates to be evaluated by the Nominating Committee must be sent to Assistant Corporate Secretary, 2711 Citrus Road, Rancho Cordova, California 95742.

**Table of Contents**

In fiscal 2007, the Board of Directors met six (6) times, the Audit Committee met five (5) times, the Compensation Committee met two (2) times and the Governance and Nominating Committee met three (3) times. Each director attended all of the meetings of the Board of Directors. Each director attended all of the meetings of the committees upon which he served, except for Mr. McEnany, who missed one governance and nominating committee meeting; and Dr. Myers, who missed one audit committee meeting and did not attend a compensation committee meeting. All Directors attended the 2006 annual meeting of stockholders. The Board requires all Directors to attend the annual stockholder meeting unless there is an emergency.

Stockholders may send communications to the Board by mail to the Chairman of the Board, ThermoGenesis Corp., 2711 Citrus Road, Rancho Cordova, California 95742.

**Audit Committee Report**

The Audit Committee oversees the financial reporting process for the Company on behalf of the Board of Directors. In fulfilling its oversight responsibilities, the Audit Committee (i) reviews the financial statements, (ii) reviews management's and the independent auditor's results of testing of the internal controls over the financial reporting process, (iii) reviews and concurs with management's appointment, termination or replacement of the Chief Financial Officer, (iv) consults with and reviews the services provided by the Company's independent auditors and makes recommendations to the Board of Directors regarding the selection of the independent auditors, and (v) reviews reports received from regulators and other legal and regulatory matters that may have a material effect on the financial statements or related company compliance policies. The Company's management has primary responsibility for preparing the financial statements and establishing the Company's financial reporting process and internal control over financial reporting. Company management is also responsible for its assessment of the effectiveness of internal control over financial reporting. The Company's independent auditors, Ernst & Young LLP, are responsible for expressing an opinion on the conformity of the Company's audited financial statements with U.S. generally accepted accounting principles. The independent auditors are also responsible for issuing a report on the effectiveness of the Company's internal control over financial reporting. The Audit Committee's responsibilities include oversight of these processes.

In accordance with Statements on Auditing Standards (SAS) No. 61 (codification of Statements on Auditing Standards, AU§ 380), as amended by SAS 89 and SAS 90, and Rule 2-07, Communications with Audit Committees, of Regulation S-X, the audit committee had discussions with management and the independent auditors regarding the acceptability and the quality of the accounting principles used in the reports. These discussions included the clarity of the disclosures made therein, the underlying estimates and assumptions used in the financial reporting, and the reasonableness of the significant judgments and management decisions made in developing the financial statements. In addition, the Audit Committee has discussed with the independent auditors their independence from the Company and its management and the independent auditors provided the written disclosures and the letter required by Independence Standards Board Standard No. 1 and considered the compatibility of non-audit services with the auditors' independence.

The Audit Committee has also met and discussed with the Company's management, and its independent auditors, issues related to the overall scope and objectives of the audits conducted, the internal controls used by the Company and the selection of the Company's independent auditors. In addition, the Audit Committee discussed with the independent auditors, with and without management present, the specific results of audit investigations and examinations and the auditor's judgments regarding any and all of the above issues.

**Table of Contents**

Pursuant to the reviews and discussions described above, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended June 30, 2007, for filing with the Securities and Exchange Commission.

Respectfully submitted,

THERMOGENESIS CORP. AUDIT  
COMMITTEE

**Table of Contents**

**Legal Proceedings**

The Company and its property are not a party to any pending legal proceedings. In the normal course of operations, the Company may have disagreements or disputes with employees, vendors or customers. These disputes are seen by the Company's management as a normal part of business, and there are no pending actions currently or no threatened actions that management believes would have a significant material impact on the Company's financial position, results of operations or cash flows.

**Relationship with Independent Registered Public Accounting Firm**

The Company retained the firm of Ernst & Young LLP as the Independent Registered Public Accounting Firm of the Company for the fiscal year ending June 30, 2007. The Company expects a representative of Ernst & Young LLP to be present at the Annual Meeting of Stockholders, and the representative will have an opportunity to make a statement if he or she desires to do so. Such representative is expected to be available to respond to appropriate questions.

**Audit Fees**

Fees for audit services by Ernst and Young LLP totaled \$489,000 and \$730,000 for the fiscal years ended June 30, 2007 and 2006, respectively, including fees associated with the annual audits of the financial statements, audits of internal control over financial reporting under Section 404 of the Sarbanes-Oxley Act, the reviews of the Company's quarterly reports on Form 10-Q, consents, assistance with the review of documents filed with the SEC, and accounting consultations.

**Audit-Related Fees**

There were no fees for audit-related services by Ernst & Young LLP for the fiscal years ended June 30, 2007 and 2006.

**Tax Fees**

Fees for tax preparation by Ernst and Young LLP totaled \$14,000 and \$12,000 for the fiscal years ended June 30, 2007 and 2006, respectively.

**All Other Fees**

Ernst & Young LLP did not bill us for other services for the fiscal years ended June 30, 2007 and 2006.

The Audit Committee pre-approves all audit and non-audit services to be performed by the independent registered public accounting firm in accordance with the Audit Committee Charter. The percentage of hours expended on the principal accountant's engagement to audit the Company's financial statements for the most recent fiscal year that were attributed to work performed by persons other than the principal accountant's full-time, permanent employees was 0%.

**Code of Ethics**

We have adopted a code of ethics that applies to all employees. A copy of our code of ethics can be found on our website at [www.thermogenesis.com](http://www.thermogenesis.com). The Company will report any amendment or waiver to the code of ethics on our website within five (5) days.

**Stockholder Proposals**

Proposals by stockholders intended to be presented at the 2008 Annual Meeting of Stockholders must be received by us not later than July 12, 2008, for consideration for possible inclusion in the proxy statement relating to that meeting. All proposals must meet the requirements of Rule 14a-8 of the Exchange Act.

**Table of Contents**

For any proposal that is not submitted for inclusion in next year's proxy statement (as described in the preceding paragraph), but is instead intended to be presented directly at next year's annual meeting, SEC rules permit management to vote proxies in its discretion if the Company (a) receives notice of the proposal before the close of business on September 21, 2008, and advises stockholders in the next year's proxy statement about the nature of the matter and how management intends to vote on such matter, or (b) does not receive notice of the proposal prior to the close of business on September 21, 2008

Notices of intention to present proposals at the 2008 Annual Meeting should be addressed to the Assistant Corporate Secretary, ThermoGenesis Corp., 2711 Citrus Road, Rancho Cordova, California 95742. The Company reserves the right to reject, rule out of order or take other appropriate action with respect to any proposal that does not comply with these and other applicable requirements.

**Additional Information**

The Annual Report on Form 10-K for the fiscal year ended June 30, 2007, including audited financial statements, has been mailed to stockholders concurrently with this proxy statement, but such report is not incorporated in this Proxy Statement and is not deemed to be a part of the proxy solicitation material. The Company is required to file annual reports on Form 10-K, quarterly reports on Form 10-Q, current reports on Form 8-K and other information with the SEC. The public can obtain copies of these materials by visiting the SEC's Public Reference 100 F Street, N.E., Washington, D.C. 20549, by calling the SEC at 1-800-SEC-0330, or by accessing the SEC's website at [www.sec.gov](http://www.sec.gov).

Additional copies of the Company's Annual Report on Form 10-K filed with the SEC for the fiscal year ended June 30, 2007, will be provided to stockholders without charge upon request. Stockholders should direct any such requests to ThermoGenesis Corp., 2711 Citrus Road, Rancho Cordova, California 95742, Attention: Matthew T. Plavan, Chief Financial Officer.

**OTHER BUSINESS**

We do not know of any business to be presented for action at the meeting other than those items listed in the notice of the meeting and referred to herein. If any other matters properly come before the meeting or any adjournment thereof, it is intended that the proxies will be voted in respect thereof in accordance with their best judgment pursuant to discretionary authority granted in the proxy.

**ALL STOCKHOLDERS ARE URGED TO EXECUTE THE ACCOMPANYING PROXY AND TO RETURN IT PROMPTLY IN THE ACCOMPANYING ENVELOPE. STOCKHOLDERS MAY REVOKE ANY PROXY IF SO DESIRED AT ANY TIME BEFORE IT IS VOTED.**
