## HEARTLAND FINANCIAL USA, INC.

Heartland is a diversified financial services holding company headquartered in Dubuque, Iowa. We offer full-service community banking through seven banking subsidiaries with a total of 37 banking locations in Iowa, Illinois, Wisconsin, New Mexico and Arizona. In addition, we have separate subsidiaries in the consumer finance, vehicle leasing/fleet management, insurance agency and investment banking businesses. Our primary strategy is to balance our focus on increasing profitability with asset growth and diversification through acquisitions, *de novo* bank formations, branch openings and expansion into non-bank subsidiary activities.

Our largest bank subsidiary, Dubuque Bank and Trust Company, was organized in 1935. In 1982, bank management reorganized into the current holding company structure, creating Heartland Financial USA, Inc. From this beginning, we have grown significantly and have expanded geographically, acquiring entities or establishing *de novo* operations in selected other markets in Iowa, Illinois, Wisconsin, New Mexico and Arizona. During the first quarter of 2004, Heartland entered into an agreement to acquire a bank in Montana that has eight (8) locations.

Our principal executive offices are located at 1398 Central Avenue, Dubuque, Iowa 52001, and our telephone number is (563) 589-2100.

### THE DIVIDEND REINVESTMENT AND STOCK PURCHASE PLAN

The following question and answer format constitutes the Dividend Reinvestment and Stock Purchase Plan (the Plan ). The Plan is supplemented by the Stockholder Investment Services Agreement (the Agreement ) which will exist between the stockholders participating in the Plan (the Participants ) and Dubuque Bank and Trust Company, Dubuque, Iowa, which will administer the Plan (the Administrator ).

#### 1. What is the purpose of the Plan?

The purpose of the Plan is to provide participating stockholders with a simple and convenient method of investing cash dividends and making optional cash payments for the purchase of additional shares of common stock. The Administrator will generally purchase shares of common stock in the open market or in negotiated transactions, but the Administrator may also purchase authorized but unissued or treasury shares of common stock directly from us. We will not receive any funds from the purchases of shares of common stock made by the Plan in the open market or through privately negotiated transactions. If authorized but unissued shares or treasury shares of common stock are purchased from us for use in the Plan, we will apply the proceeds to general corporate purposes.

#### 2. Who is eligible to participate?

All holders of record of our common stock are eligible to participate in the Plan. Stockholders whose shares are registered in names other than their own (for instance, in the name of a broker or bank nominee) must either become holders of record by having their shares transferred into their own names, or must instruct their broker or nominee to act for them with respect to becoming a Participant and for any elections to be made under the Plan. Stockholders who wish to purchase additional shares by making cash payments may enroll in the Plan by completing a Stockholder Authorization Form and by making cash payments of at least \$150 or by authorizing automatic quarterly cash payments of not less than \$150 and not more than \$25,000.

Stockholders with questions regarding their eligibility to participate in the Plan should contact the Administrator at the address provided in Question 4.

**3. What are the advantages of the Plan?**

Participants in the Plan will gain the following advantages:

3

---

the ability to purchase additional shares of common stock automatically with no additional action required;

reinvestment of dividends and optional cash purchases of additional shares of common stock without the payment of any brokerage commissions;

full investment use of funds because the Plan is able to credit accounts with fractional shares; and

the avoidance of cumbersome safekeeping and record-keeping costs due to the custodial service and reporting features are provided as part of the Plan.

**4. Who administers the Plan for Participants?**

Dubuque Bank and Trust Company, Dubuque, Iowa, administers the Plan for us, serves as Administrator for Participants, keeps records, sends statements of account to Participants and performs other duties related to the Plan. Shares of common stock purchased under the Plan will be registered in the name of the Administrator (or its nominee) and credited to the account of individual Participants. All communications to the Administrator regarding the Plan should be addressed to: Sue Klopfenstein, Dubuque Bank and Trust Company, 1398 Central Avenue , Dubuque, Iowa 52001.

**5. How does a person participate?**

A person may join the Plan at any time by completing and signing the Stockholder Authorization Form and returning it to the Administrator. Such authorization will be effective as of the first dividend payment date after receipt by the Administrator of the Authorization Form, provided that it is received on or before the record date for that dividend. All authorizations currently on file are deemed to remain in effect until terminated by the respective stockholders. Additional Stockholder Authorization Forms may be obtained by writing to the Administrator.

**6. What are the features under the Plan?**

Participants may elect to reinvest dividends on either all or a portion of their certificated shares of common stock then or subsequently held, and reinvest dividends paid on all or a portion of shares of common stock held or subsequently held by the Plan.

The Administrator will automatically reinvest all dividends paid on shares of common stock held by the Plan until participation with respect to these shares is terminated. Information regarding the termination of participation is provided in Question 21. The Stockholder Authorization Form allows stockholders to indicate how they wish to participate in the Plan by checking the appropriate box.

Participants may also contribute cash to the Plan in amounts not less than \$150 and not more than \$25,000 per quarter to be used by the Administrator to purchase additional shares of common stock for the Participant s Account (see Questions 24-27), and Participants may also send to the Administrator for safekeeping any certificated shares of common stock which they currently hold or subsequently acquire (see Question 16). A stockholder does not need to directly participate in the Plan to take advantage of having the Administrator hold their shares for safekeeping.

**7. When may a person join the Plan?**

A stockholder may join the Plan at any time. If the Administrator receives a Participant's Stockholder Authorization Form on or before the record date established for a particular dividend, reinvestment will commence with that dividend. We currently pay dividends on or about the 15<sup>th</sup> day of March, June, September and December and the record date is approximately two weeks prior to the payable date. If the Stockholder Authorization Form is received after the record date established for a particular dividend, then the reinvestment of dividends will not begin until the next dividend payment date. Cash contributions and direct debit authorizations received by the Administrator five (5) days prior to the last business day of the month preceding the dividend payment date will be applied to the acquisition of common stock on the dividend payment date or within thirty (30) days thereafter. A Participant may withdraw the entire optional cash investment if the Administrator receives a written request for a refund at least five (5) days prior to the first business day of the dividend payment month.

**8. How does the reinvestment of dividends work?**

The Plan works automatically. Instead of sending dividend payments on participating shares to Participants, we forward these payments to the Administrator. The Administrator will automatically reinvest such funds, reduced by any required withholding for federal income tax purposes (see Question 20), in additional shares of common stock.

**9. When and at what price will shares of common stock be purchased under the Plan?**

The Administrator will use dividend proceeds to purchase common stock as soon as practicable (typically within five business days), but in no event later than 30 days, after the payment date of the dividend, except where necessary to comply with federal securities laws. The Administrator will purchase common stock with any optional cash payment received from a Participant at the same time it purchases shares for the dividend reinvestment portion of the plan (within 30 days of the dividend payment date). We will not pay interest on optional cash payments held pending investment. The Administrator may purchase shares of common stock in the open market, as such market exists, at the then prevailing market price. If shares are purchased in the open market, it is unlikely that all of the shares purchased for Participants on any given purchase date will be purchased at the same price. The price at which the Administrator will be deemed to have acquired shares for each Participant's account will be the average price of all shares purchased by it, as stockholder for all Participants in the Plan, with the proceeds of a single Heartland cash dividend. The Administrator may also purchase shares directly from us, in which case the purchase price of such shares will be the average of the closing prices of the common stock, as quoted on the Nasdaq National Market System, or other exchange or quotation service which Heartland's common stock may be listed or quoted on at that time, for the five days on which our common stock was traded immediately preceding the date of purchase. In making purchases for each Participant's account, the Administrator may commingle such Participant's funds with those of other Participants.

**10. How many shares of common stock will be purchased for Participants?**

The number of shares to be purchased depends upon the amount of shares the Participants have participating in the Plan, the amount of dividends paid on those shares, as reduced by any withholding for federal income tax purposes (see Question 20) and the purchase price of the common stock. Each Participant's account will be credited with the number of shares, including fractions computed to three decimal places, purchased under the Plan.

**11. Are there any expenses to Participants in connection with purchases under the Plan?**

With the exception of sales transactions, special statement reporting, and fees for re-registering or transferring shares, we will pay all brokerage commissions, service charges, and other costs associated with the administration of the Plan. We will pass through any commissions and services charges on the sale of shares.

The Administrator will assess normal processing fees for special statements or for transferring or re-registering shares.

**12. What kind of reports will be sent to Participants?**

Following each purchase of shares for a Participant's account, the Administrator will mail to the Participant a statement of account showing the amount invested, purchase price, number of shares purchased, service charges (which will generally be zero) and other similar information for the year-to-date. **These statements will be a complete record of each Participant's purchases and should be retained for income tax and other purposes.** In addition, each Participant will receive copies of all communications sent to record holders of common stock, including our Annual Report to Stockholders, a notice of the annual meeting, proxy statements and Internal Revenue Service (IRS) information for reporting dividend income received.

**13. Will dividends paid on the shares of common stock held in Participants' accounts under the Plan be automatically reinvested?**

As the record holder for any shares of common stock held in Participants' accounts under the Plan, the Administrator will receive dividends paid on all such shares held by the Plan on the dividend record date, will credit such dividends to individual Participants' accounts on the basis of full and fractional shares held and will automatically reinvest such dividends, reduced by any withholding for federal income tax purposes (see Question 20).

**14. May a Participant change options under the Plan?**

A Participant may elect at any time to change his or her level of participation by requesting and executing a new Stockholder Authorization Form and returning it to the Administrator. Stockholder Authorization Forms may be obtained by contacting the Administrator. Changes in the level of participation will be effective in the same manner as the initial authorization for participation.

**15. Will certificates be issued for shares of common stock purchased under the Plan?**

Shares purchased by the Administrator for a Participant's account will be registered in the name of the Administrator or its nominee and will be held by the Administrator for safekeeping. This feature protects against loss, theft or destruction of stock certificates. The number of shares credited to the account of a Participant under the Plan will be shown on the statement of account sent to each Participant. No certificates will be issued for the shares purchased with the dividends unless expressly requested by the Participant. Certificates representing fractional shares will not be issued under any circumstances.

**16. How does the share safekeeping service work?**

In addition to retaining the shares purchased under the Plan, the Administrator provides a safekeeping service under which any certificated shares of common stock sent by a Participant to the Administrator for safekeeping are held for the Participant in a custodial account until certificates are requested. This safekeeping service is available for certificated shares of common stock that a stockholder currently owns and for any certificated shares of common stock which a stockholder subsequently acquires. Any stockholder may participate in the safekeeping service, regardless of whether they are participating in the Plan.

If a stockholder would like the Administrator to hold shares which he or she currently holds or subsequently acquires, the stockholder should send the certificates to the Administrator at the address provided in Question 4.

There is no charge for the safekeeping service. Stockholders may at any time request that certificates be issued for all or a portion of their shares held for safekeeping by contacting the Administrator in writing. Certificates for fractional shares will not be issued.

**17. May a Participant receive certificated shares purchased under the Plan?**

A Participant may at any time withdraw all or a portion of the shares credited to his or her account under the Plan and receive certificates representing such shares by notifying the Administrator in writing that he or she wishes to withdraw shares and specifying the number of whole shares to be received. This notice should be mailed to the Administrator at the address provided in Question 4. Certificates for whole shares of common stock which are withdrawn will be registered in the name of and issued to the Participant. In no case will certificates representing fractional shares be issued.

All future dividends paid on shares withdrawn pursuant to this question and on shares remaining in the Participant's account will continue to be reinvested until five days after the Administrator receives written notice of termination (see Question 21).

**18. What happens to any fractional share when a Participant requests certificated shares from the Plan?**

If a Participant's account from which the complete withdrawal of shares is requested contains a fractional share, a cash payment equal to the current market price of the common stock, as determined by the Administrator, multiplied by such fraction, together with certificates for the whole shares, will be mailed directly to the Participant.

**19. What happens to a Participant's Plan account if all certificated shares of common stock in the Participant's own name are transferred or sold?**

If a Participant disposes of all shares of common stock for which they hold certificates or which are held by a broker on their behalf (i.e., shares which are not held by the Plan), dividends on all shares of common stock held by the Administrator in the Participant's account, including dividends paid on shares held by the Administrator for safekeeping, will continue to be reinvested until the Administrator is notified that the Participant wishes to completely or partially terminate his or her participation in the Plan.

**20. What are the federal income tax consequences of participation in the Plan?**

**The following general information is provided solely for informational purposes. The information provided in this section or elsewhere in this document should not be construed as the provision of tax advice by Heartland.**

Under IRS rulings in connection with similar plans, a Participant will be treated for federal income tax purposes as having received a dividend on the dividend payment date equal to the fair market value on the dividend payment date of the shares purchased with reinvested dividends. The amount of dividends reinvested will be eligible, in the case of corporate stockholders, for any dividends received deduction available under the Internal Revenue Code of 1986, as amended (the Code).

If the Participant is not subject to the backup withholding of federal income tax, the full amount of dividends received will be used to purchase shares under the Plan; however, if the Participant is subject to backup withholding, the amount of federal income tax withheld will reduce the amount available to purchase shares. Generally, a Participant is subject to backup withholding if: (i) the Participant fails to certify to us his or her social security number and that he or she is not subject to backup withholding; (ii) the IRS notifies us that an incorrect number was furnished; or (iii) the Participant is notified that he or she is subject to backup withholding under §3406(a)(1)(C) of the Code. Each Participant will be required to furnish a Form W-9 to the Administrator which contains the required certifications to have dividends on shares enrolled in the Plan reinvested without

withholding.

In the case of foreign stockholders, taxable income under the Plan is subject to federal income tax withholding, and the Administrator will make reinvestments net of the amount of tax required to be withheld. Regular

statements of account confirming purchases made for foreign Participants will indicate the amounts of tax withheld.

The tax basis of any shares acquired through the Plan will be the fair market value of such shares on the purchase date as stated on the stockholder's statement. Shares acquired through the Plan will be credited to the Participants accounts on the day after the purchase date.

A Participant will not realize any taxable income upon receipt of certificates for whole shares credited to the Participant's account under the Plan, either upon a request for withdrawal of such shares or upon the termination of participation in the Plan; however, upon withdrawal from the Plan, a Participant who receives a cash payment for a fractional share held in the Participant's account will, if the shares are held as a capital asset, realize a capital gain or loss, measured by the difference between the amount of cash received by the Participant and the Participant's basis in the fractional share (which will generally be equal to the price at which such fraction was credited to the Participant's account).

**For further information as to the tax consequences of participation in the Plan and sale of shares received under the Plan, Participants should consult their own tax advisors.**

**21. How does a Participant terminate participation in the Plan?**

Participants may completely or partially discontinue the reinvestment of their dividends and/or automatic cash purchases under the Plan at any time by notifying the Administrator in writing to that effect. Notice of complete termination of participation in the Plan should be sent to the Administrator at the address provided in Question 4. To prevent the reinvestment of dividends in accordance with the Plan, notice of termination must be received at least five days prior to the dividend record date for the next dividend to be paid. To prevent automatic cash purchases in accordance with the Plan, notice of termination must be received at least five days prior to the first business day of the dividend payment month. Participants may decrease (or increase) their level of participation in the Plan by returning to the Administrator a properly completed Stockholder Authorization Form on or before the record date for which the change is to be effective.

**22. What happens if we issue a stock dividend or declare a stock split?**

Any stock dividend or shares resulting from stock splits with respect to shares held in a Participant's account will be credited to the Participant's account, and all dividends paid on such shares will be reinvested until the Participant terminates his or her participation in the Plan with respect to such shares (see Question 21).

**23. How will a Participant's shares be voted at each meeting of stockholders?**

Each Participant will be sent proxy forms representing both the shares registered in his or her own name and the shares held in his or her Plan account. When signed and returned, such proxies will be voted as directed. If the Participant does not have shares registered in his or her own name, the Participant will be sent a proxy form on which to indicate how the shares held in his or her Plan account are to be voted. If the proxy card or instruction form is not returned, or if it is returned unsigned by the Participant, none of the Participant's shares to which the proxy pertains will be voted.

**24. How does the optional cash purchase feature of the Plan work?**

Each Participant may purchase additional shares of common stock in addition to those shares purchased through the reinvestment of dividends by making optional cash payments to the Administrator (as provided in Question 25). No optional cash payment may be in an amount less than \$150 or more than \$25,000 per Participant account per quarter. The Administrator will purchase common stock with any optional cash payment received from a Participant at the same time it purchases shares for the dividend reinvestment portion of the plan (within 30 days of the dividend payment date), and the shares purchased will be enrolled in the dividend reinvestment portion of the Plan. We will not pay interest on optional cash payments held pending investment. We reserve the right to deem any two or more Plan accounts to be affiliated accounts, in our sole discretion and without prior notice, and to further limit the aggregate quarterly amount of optional cash purchases which may be made by any such affiliated accounts.

**25. How are optional cash payments made?**

An initial optional cash payment may be made by a Participant by enclosing a check or money order, payable to Heartland Financial USA, Inc. with the Stockholder Authorization Form. The Participant should send a check in an amount of not less than \$150 or more than \$25,000 to the Administrator with a completed cash payment form, which form will be attached to each statement of account sent to Participants. A Participant may also authorize automatic quarterly cash investments of at least \$150 but not more than \$25,000. Optional cash payments and direct debit authorizations may be made to the Administrator five (5) days prior to the last business day of the month preceding the dividend payment date. Dividends are currently paid on or about the 15<sup>th</sup> day of March, June, September and December. Direct debits will be processed the first business day of the dividend payment month.

**26. Is there an obligation to make optional cash payments?**

There is no obligation to make an optional cash payment in any quarter, and the same amount of optional cash payment need not be made each quarter. However, no optional cash payment will be accepted in an amount less than \$150 or more than \$25,000 per quarter for each Plan account.

**27. May optional cash payments be returned to a Participant?**

Optional cash payments will be returned by the Administrator, without interest, upon written request only if it is practicable to do so prior to the purchase of shares with such amounts. Optional cash payments are generally invested into shares of common stock within 30 days of the next dividend payment date. Additionally, the Administrator will return, without interest, any optional cash payments sent to the Administrator if the Administrator determines that the purchase of shares with such amounts is impracticable or if Heartland has advised the Administrator that the amounts will be used by an affiliated account (see Question 24) for impermissible purchases.

**28. Can Participants sell shares through the Administrator?**

A Participant may sell any or all shares held in the Plan by notifying the Administrator in writing. Shares enrolled in the Plan but held by the Participant in certificated form may also be sold through the Administrator after depositing these shares with the Administrator. Any brokerage commission or service charge (see Question 11), any amount required to be withheld for income tax purposes and any applicable transfer taxes incurred in connection with the sale of shares by the Administrator will be deducted from the proceeds of such sale. Sales will generally be made within *five business days following receipt of the written request to sell*, but the

Administrator reserves the right to delay such sales for up to 30 days if market conditions or administrative factors make an earlier sale impracticable. Proceeds will be sent to the respective Participant as soon as is practicable following the sale of the shares.

**29. Are there any restrictions on the transferability of common stock purchased under the Plan?**

9

---

In general, no resale restrictions should apply to the resale or other transfer of shares of common stock purchased under the Plan. The shares of common stock to be purchased by the Administrator for Participants generally will have been registered by us pursuant to the federal securities laws, although the Administrator may purchase shares in the open market or in private transactions which have not been so registered. In either case, certain resale restrictions may apply if a Participant is an affiliate of Heartland (for example, a key employee, director, major stockholder, or a relative of any such person).

**30. Who interprets the Plan?**

Any questions of interpretation arising under the Plan will be determined by Heartland's board of directors, or by an authorized officer with respect to any determinations regarding affiliated accounts (see Question 25), and any such determinations will be final.

**31. May the Plan be changed or discontinued?**

While we hope to continue the Plan indefinitely, we may modify, amend, suspend, or terminate the Plan, or any stockholder's interest therein, at any time, including the period between a dividend record date and the related dividend payment date, upon the giving of 90 days prior written notice to each affected Participant and, in the case of the modification, amendment, suspension, or termination of the Plan, 30 days prior written notice to each non-participating stockholder. If the Plan is amended or restated, a

current participant will automatically be enrolled unless the Participant gives written notice to the contrary. We also reserve the right to terminate any stockholder's participation in the Plan at any time.

**32. What is the responsibility of the Plan Administrator?**

In administering the Plan, neither we nor the Administrator will be liable for any act done in good faith or for any good faith omission to act including, without limitation, any claim or liability arising from:

the failure to terminate a deceased Participant's account prior to receipt by the Administrator of written notice of such death; or

the prices at which shares are purchased for a Participant's account; or

the time when purchases are made; or

any fluctuations in the market value of the common stock; or

the failure to make optional cash purchases for any account deemed to be an affiliated account.

Neither Heartland, the Administrator nor their respective Administrators can provide any assurance of a profit or protection against a loss with respect to any shares purchased or held for safekeeping under the Plan.

**USE OF PROCEEDS**

We will not receive any proceeds from the Plan on purchases made on the open market or in privately negotiated transactions. Net proceeds to us from the sale of treasury or authorized but unissued shares of common stock to the Plan will be used for general corporate purposes, including investments in or advances to our subsidiaries.

### **DETERMINATION OF PRICE**

The purchase price of shares of common stock purchased in the open market or in negotiated transactions will be the average price per share paid for all of the shares purchased by the Administrator for the Plan for the payment of a single dividend. As provided in the Plan, the purchase price of shares purchased under the Plan from us will be the fair market value per share on the date of the purchase as determined by the average of the closing price of the common stock, as quoted on the Nasdaq National Market System, or other exchange or quotation service which Heartland's common stock may be listed or quoted on at that time, for the five days on which the common stock was traded immediately preceding the date of purchase.

### **LEGAL OPINION**

Certain legal matters in connection with the issuance of the common stock offered through this Prospectus are being passed upon for us by Barack Ferrazzano Kirschbaum Perlman & Nagelberg LLC, Chicago, Illinois.

### **EXPERTS**

Our consolidated financial statements as of December 31, 2003 and 2002, and for each of the years in the three-year period ended December 31, 2003, have been incorporated by reference herein and in the Registration Statement in reliance upon the report of KPMG LLP, independent certified public accountants, incorporated by reference herein, and upon the authority of said firm as experts in accounting and auditing.

### **First Amended Stockholder Investment Services Agreement**

1. As agent for the stockholder (the Participant ) of Heartland Financial USA, Inc. (the Company ), Dubuque Bank and Trust Company (the Agent ), after deducting the commissions and service charges specified below, will apply all cash dividends paid on the shares of the Company s common stock held by the Participant or by the Agent for safekeeping and on any full shares or fractional interest in one share (to three decimal places) acquired by the Participant through the Dividend Reinvestment and Stock Purchase Plan (the Plan ) or otherwise, for the Participant s account (the Account ).

Such purchases may be made directly from the Company, on any securities exchange where such shares are traded, in the over-the-counter market or in negotiated transactions, and may be on such terms as to price, delivery and otherwise as the Agent, in its sole discretion, may determine.

2. In making purchases for the Participant s Account, the Agent may commingle the Participant s dividends and cash investments with those of other participants in the Plan ( Participants ). In the case of each purchase, the price at which the Agent shall be deemed to have acquired shares for the Participant s Account shall be the average price of all shares purchased by it for Participants with their aggregate funds used for such purchase. The Agent may hold the shares of all Participants together in its name or in the name of its nominee. The Agent shall have no responsibility as to the market value of the Company s common stock acquired for the Participant s Account. Dividends and cash payments will be invested by the Agent promptly after receipt, and in no event will such dividends and cash payments be invested by the Agent later than 30 days after receipt except where necessary to comply with Rule 10b-18 under the Securities Exchange Act of 1934, as amended, or other applicable provisions of the federal securities laws. It is understood that, in any event, the Agent shall have no liability in connection with such inability to purchase shares or the timing of any purchases. Funds held by the Agent for the Participant will not bear interest.

3. Following each purchase, the Agent will send to the Participant if his or her funds have been applied to such purchase an advice of transactions in the Account since the last prior purchase for the Account, including a statement showing the current shares in the Account.

4. No certificate will be issued to the Participant for shares in his or her Account unless the Participant so requests of the Agent in writing, or the Account is terminated. Upon written request, the Agent will send the Participant certificates for any full shares credited to the Account. The Agent may charge a fee for this service. No certificate for a fractional share will be issued. Under the Plan, dividends on a fractional interest in a share will be credited to the Participant s Account.

5. Any brokerage commissions incurred by the Agent for selling shares for a Participants Account will be passed through to the Participant. Any brokerage commission will be deducted from the proceeds of the sale to be sent to the Participant. The Agent may also charge for additional services performed at the request of the Participant and not provided for herein.

6. It is understood that the reinvestment of the Participant s dividends will not relieve the Participant of any taxes which may be payable on such dividends. The Agent will report annually to the Participant the amount of dividends credited to the Account during the year.

7. The Agent will send to the Participant a form of proxy representing all shares of the Company s common stock held by the Participant in his or her Account. If the Participant does not direct the Agent as to how he or she wishes shares

voted, the Agent will not vote such shares.

**8.** The Participant may terminate his or her Account at any time by giving written notice of termination to the

A-1

Agent. For dividend reinvestments, notice must be received by the Agent five days or more before a dividend record date to be effective. If a termination notice for the reinvestment of dividends is received by the Agent less than five days before the dividend record date, shares will be purchased with the dividends paid for on such record date and the shares will be credited to the Participant's Account. For automatic cash purchases, notice must be received by the Agent five days or more before the first business day of the dividend payment month. If a termination notice for automatic cash purchases is received by the Agent less than five days before the first business day of the dividend payment month, shares will be purchased in the amount previously authorized and the shares will be credited to the Participant's Account. Upon termination, the Participant will receive a certificate for all full shares in his or her Account unless cash is elected. If cash is elected, upon written request from the Participant, the Agent will sell such shares and send the net proceeds to the Participant after any service charges or brokerage commissions incurred by the Agent have been deducted. The Agent may terminate the Participant's Account at any time in its discretion. In any case, the Participant will receive cash in lieu of any fractional interest in a share at the then current market value of the Company's common stock. If the Participant disposes of all shares registered in his or her name on the books of the Company, the Agent will continue to invest the dividends on the shares in the Account until otherwise notified in writing by the Participant.

**9.** Any stock dividend or stock split declared by the Company on shares held by the Agent for the Participant will be credited to the Participant's Account without charge. If the Company makes available to its stockholders warrants or other rights to subscribe to additional shares, debentures or other securities, such rights accruing on shares held by the Agent for the Participant will be sold, if practicable, and the Agent will promptly apply the resultant funds to the purchase of additional shares of the Company's common stock for the Participant's Account. Such purchases will be reflected on the statement mailed to the Participant following the next investment of cash dividends for the Participant's Account. If the Participant wishes to exercise such rights, the Participant must, by written request received by the Agent prior to the record date for such rights, withdraw full shares from his or her Account by requesting that the Agent issue a certificate for these shares.

**10.** Neither the Agent nor its nominee or nominees shall have any responsibility beyond the exercise of ordinary care for any action taken or omitted pursuant to this Agreement nor shall they have any duties, responsibilities or liabilities except such as are expressly set forth herein. None of the foregoing shall be liable hereunder for any act done in good faith or for any good faith omission to act, including, without limitation, failure to terminate the Participant's Account prior to receipt of written notice of his or her death or with respect to the timing or the price of any purchase.

**11.** The Participant shall have no right to draw checks or drafts against his or her Account or to give instructions to the Agent in respect to any shares held therein except as expressly provided herein.

**12.** Notices to the Participant may be given by letter addressed to the Participant at the last address of record with the Agent.

**13.** This Agreement may be amended or supplemented by the Agent at any time or times by mailing appropriate notice at least 30 days prior to the effective date thereof to the Participant at the last address of record. The amendment or supplement shall conclusively be deemed to be accepted by the Participant unless prior to the effective date thereof the Agent receives written notice of the termination of the Account. Any such amendment may include the appointment by the Agent in its place and stead of a successor agent under this Agreement. The Company is authorized to pay to such successor agent for the Account of the Participant all dividends payable on shares of the Company's common stock in the Account, the same to be applied by such successor agent as provided in this Agreement.

**14.** This Agreement and the Authorization Form signed by the Participant (which is deemed a part of this Agreement) and the Participant's Account shall be governed by and construed in accordance with the laws of the State of Iowa and

the Rules of the Securities and Exchange Commission. This Agreement cannot be changed orally.

**Item 15. Indemnification of Directors and Officers.**

In accordance with the Delaware General Corporation Law, Articles IX and X of Heartland's Certificate of Incorporation provides as follows:

ARTICLE IX: Each person who is or was a director or officer of the corporation and each person who serves or served at the request of the corporation as a director, officer or partner of another enterprise, shall be indemnified by the corporation in accordance with, and to the fullest extent authorized by, the General Corporation Law of the State of Delaware, as the same now exists or may be hereafter amended. No amendment to or repeal of this Article IX shall apply to or have any effect on the rights of any individual referred to in this Article IX for or with respect to acts or omissions of such individual occurring prior to such amendment or repeal.

ARTICLE X: To the fullest extent permitted by the General Corporation Law of Delaware, as the same now exists or may be hereafter amended, a director of the corporation shall not be liable to the corporation or its stockholders for monetary damages for breach of fiduciary duty as a director. No amendment to or repeal of this Article X shall apply to or have any effect on the liability or alleged liability of any director of the corporation for or with respect to any acts or omissions of such director occurring prior to the effective date of such amendment or repeal.

Article VIII of Heartland's Bylaws further provides as follows:

**Section 8.1 DIRECTORS AND OFFICERS.**

(a) The corporation shall indemnify any person who was or is a party or is threatened to be made party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the corporation) by reason of the fact that he or she is or was a director or officer of the corporation, or is or was serving at the request of the corporation as a director or officer of another corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorneys' fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by him or her in connection with such action, suit or proceeding if he or

she acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful. The termination of any action, suit or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not, of itself, create a presumption that the person did not act in good faith and in a manner which he or she reasonably believed to be in or not opposed to the best interests of the corporation, and, with respect to any criminal action or proceeding, had reasonable cause to believe that his or her conduct was unlawful.

(b) The corporation shall indemnify any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the corporation to procure a judgment in its favor by reason of the fact that he or she is or was a director or officer of the corporation, or is or was serving at the request of the corporation as a director or officer of another corporation, partnership, joint venture, trust or other enterprise against expenses (including attorneys' fees) actually and reasonably incurred by him or her in connection with the defense or settlement of such action or suit if he or she acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of the corporation, and except that no indemnification shall be made in respect of any claim, issue or matter as to which such person shall have been adjudged to be liable to the corporation unless and only to the extent that the Court of Chancery of the State of Delaware or the court in which action or suit was brought shall determine upon application that, despite the adjudication of liability but in view of all the circumstances of the case, such person is fairly and reasonably entitled to indemnity for such expenses which the Court of Chancery of the State of Delaware or such other court shall deem proper.

(c) To the extent that any person referred to in paragraphs (a) and (b) of this Section 8.1 has been successful on the merits or otherwise in defense of any action, suit or proceeding referred to therein or in defense of any claim, issue or matter therein, he or she shall be indemnified against expenses (including attorneys' fees) actually and reasonably incurred by him or her in connection therewith.

(d) Any indemnification under paragraphs (a) and (b) of this Section 8.1 (unless ordered by a court) shall be made by the corporation only as authorized in the specific case upon a determination that indemnification of the director or officer is proper in the circumstances because he or she has met the applicable standard of conduct set forth in paragraphs (a) and (b) of this Section 8.1. Such determination shall be made (i) by the board of directors by a majority vote of a quorum consisting of directors who were not parties to such action, suit or proceeding or (ii) if such quorum is not obtainable, or, even if obtainable a quorum of disinterested directors so directs, by independent legal counsel in a written opinion, or (iii) by the stockholders.

(e) Expenses (including attorneys' fees) incurred in defending any civil, criminal, administrative or investigative action, suit or proceeding may be paid by the corporation in advance of the final disposition of such action, suit or proceeding upon receipt of an undertaking by or on behalf of such director or officer to repay such amount if it shall ultimately be determined that he or she is not entitled to be indemnified by the corporation as provided in this Section 8.1. Such expenses (including attorneys' fees) incurred by other employees and agents may be so paid upon such terms and conditions, if any, as the board of directors deems appropriate.

(f) The indemnification and advancement of expenses provided by or granted pursuant to this Section 8.1 shall not be deemed exclusive of any other rights to which those seeking indemnification or advancement of expenses may be entitled under any bylaw, agreement, vote of stockholders or disinterested directors or otherwise, both as to action in his or her official capacity and as to action in another capacity while holding such office.

(g) The corporation shall have power to purchase and maintain insurance on behalf of any person who is or was a director, officer, employee or agent of the corporation, or is or was serving at the request of the corporation as a director, officer, employee or agent of another corporation, partnership,

joint venture, trust or other enterprise, against any liability asserted against him or her and incurred by him or her in any such capacity, or arising out of his or her status as such, whether or not the corporation would have the power to indemnify him or her against such liability under the provisions of this Section 8.1.

(h) For purposes of this Section 8.1, references to other enterprises shall include employee benefit plans; references to fines shall include any excise taxes assessed on a person with respect to an employee benefit plan; and references to serving at the request of the corporation shall include any service as a director, officer, employee or agent of the corporation which imposes duties on, or involves services by, such director, officer, employee, or agent with respect to an employee benefit plan, its participants, or beneficiaries; and a person who acted in good faith and in a manner he or she reasonably believed to be in the interest of the participants and beneficiaries of an employee benefit plan shall be deemed to have acted in a manner not opposed to the best interests of the corporation as referred to in this Section 8.1.

(i) The indemnification and advancement of expenses provided by, or granted pursuant to, this Section 8.1 shall, unless otherwise provided when authorized or ratified, continue as to a person who has ceased to be a director, officer, employee or agent and shall inure to the benefit of the heirs, executors and administrators of such a person.

(j) Unless otherwise determined by the board of directors, references in this section to the corporation shall not include in addition to the resulting corporation, any constituent corporation (including any constituent of a constituent) absorbed in a consolidation or merger which, if its separate existence had continued, would have had power and authority to indemnify its directors, officers, and employees or agents, so that any person who is or was a director, officer, employee or agent of such constituent corporation, or is or was serving at the request of such constituent corporation as a director, officer, employee or agent of another corporation, partnership, joint venture, trust or other enterprise, shall stand in the same position under this section with respect to the resulting or surviving corporation as he or she would have with respect to such constituent corporation if its separate existence had continued.

**Section 8.2 EMPLOYEES AND AGENTS.** The board of directors may, by resolution, extend the indemnification provisions of the foregoing Section 8.1 to any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding by reason of the fact that he or she is or was an employee or agent of the corporation, or is or was serving at the request of the corporation as an employee or agent of another corporation, partnership, joint venture, trust or other enterprise.

Heartland also carries Directors and Officers liability insurance in the amount of \$5.0 million.
