REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Participants, Plan Administrator and the Harris Corporation Employee Benefits Committee
Harris Corporation Retirement Plan

We have audited the accompanying statement of net assets available for benefits of the Harris Corporation Retirement Plan as of June 30, 2006 and the related statement of changes in net assets available for benefits for the year then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audit. The financial statements of the Harris Corporation Retirement Plan for the year ended June 30, 2005, were audited by other auditors whose report dated December 6, 2005, expressed an unqualified opinion on those statements.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan's internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the 2006 financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of June 30, 2006, and the changes in net assets available for benefits for the year then ended, in conformity with U.S. generally accepted accounting principles.

Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in our audit of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

HARRIS CORPORATION RETIREMENT PLAN

Notes to the Financial Statements

June 30, 2006 and 2005

NOTE 1 DESCRIPTION OF PLAN

The following description of the Harris Corporation Retirement Plan (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan s provisions.

- A. **General** The Plan is a defined contribution plan with a 401(k) feature covering substantially all eligible employees of Harris Corporation and certain of its subsidiaries (collectively, the Company or Employer) as defined in the Plan document. The Plan Administrator is the Harris Corporation Employee Benefits Committee comprised of persons appointed by Harris Corporation. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.
- B. **Contributions** Participants may contribute a percentage of both pre-tax and after-tax eligible compensation, as defined in the Plan document and subject to Internal Revenue Code (the Code) limitations. Participants age 50 and older by the end of the Plan year can contribute an additional amount above the annual pre-tax limitation, as defined in the Plan document and subject to the Code limitation. The Company matches 100% of pre-tax and after-tax contributions subject to a limit of 6% of eligible compensation for any eligible employee who has completed one year of service. Participants who make no election with respect to pre-tax or after-tax contributions receive an automatic deferment of 6% of eligible compensation on a pre-tax basis. For Plan years ending prior to June 30, 2005, the Employer had an obligation to make a profit sharing contribution to the Plan in the amount of 11.5% of adjusted consolidated net income as defined in the Plan document. Such contribution was allocated to eligible participants as defined in the Plan document who have completed one year of service and were employed on the last day of the Plan year. Effective for Plan years commencing after June 30, 2005, the Plan adopted a new profit sharing formula tied to the Company s earnings per share and related financial targets. The new formula is described in the Plan document. The Employer may also make additional discretionary profit sharing contributions which are allocated to eligible employees based on compensation and excess compensation as defined in the Plan document.
- C. **Payments of Benefits** Prior to termination of employment, a participant may withdraw all or any portion of his or her after-tax account balance or rollover balance. Upon death, disability, retirement or termination of employment a participant may elect to receive either a lump-sum amount equal to the participant s vested interest in his or her account, or installments over a future period. An employee may also receive a distribution for financial hardship per the Plan document.
- D. **Participant Loans** The loan program permits employees to borrow against their pre-tax, after-tax and rollover contributions. Employees may borrow in increments of \$100 from a minimum of \$500 to a maximum of 50% of the vested portion of the participants account or \$50,000 whichever is lower, within certain limitations established by the Plan. Payback periods range from one to five years at the option of the participant and may be longer if the loan is to be used for the purchase of a principle residence. Interest rates are established by the Company based on market rates. Loans are paid back ratably through payroll deductions. The outstanding loans have been established as a separate fund.
- E. **Participant Accounts** Each participant s account is credited with the participant s contribution and allocations of (a) the Company s matching contribution, (b) the Company s profit sharing contribution, (c) the Company s additional discretionary profit sharing contribution, if any, and, (d) Plan earnings and charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant s vested account.

Table of Contents**HARRIS CORPORATION RETIREMENT PLAN**

Notes to Financial Statements

June 30, 2006 and 2005

NOTE 1 DESCRIPTION OF THE PLAN (CONTINUED)

- F. **Vesting** Participants are immediately vested in their pre-tax and after-tax contributions plus actual earnings thereon. Vesting in the Employer matching, profit sharing and discretionary contributions plus earnings is based on years of continuous service. A participant is 100% vested after six years of credited service, based on the following schedule:

Years of Service	Vesting Percentage
Less than 2 years	0%
2 years	20%
3 years	40%
4 years	60%
5 years	80%
6 years or more	100%

- G. **Forfeitures** A participant who terminates employment for reasons other than retirement or other specified circumstances and is not 100% vested will forfeit the non-vested portion of the Company's contributions unless the participant returns to employment within five years. The forfeited contributions are used first to restore recently located missing participants, as defined in the Plan document; next, to restore accounts of participants who were reemployed prior to incurring a break in service of five consecutive years; next, to fund any matching or profit sharing contributions to be allocated to participants who are reemployed after a period of qualified military service, as defined in the Plan document; and finally, to reduce future contributions to the Plan by the Company. Forfeited amounts included in Plan assets at June 30, 2006 and 2005 were \$96,862 and \$138,123, respectively. For the year ended June 30, 2006 Employer contributions were reduced by \$1,487,274 from forfeited nonvested accounts.
- H. **Plan Termination** Although it has not expressed any intent to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of Plan termination, participants will become 100 percent vested in their accounts.
- I. **Investment Options** Upon enrollment into the Plan, a participant may direct Employer and Participant contributions in any of several investment options, except that profit sharing contributions may not be invested in the Harris Stock Fund. The investment options are fully described in the Employer Summary Plan Description available to participants. Elections to change funds can be made daily; however, amounts in the Stable Value Fund, which is comprised of unallocated insurance contracts, cannot be transferred directly to the Money Market Fund. A participant may not transfer amounts from other investment funds to the Harris Stock Fund and are governed by other limitations described in the Plan document.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting The accounting records of the Plan are maintained on the accrual basis.

Table of Contents**HARRIS CORPORATION RETIREMENT PLAN**

Notes to Financial Statements

June 30, 2006 and 2005

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Valuation of Investments The Plan's investments are stated at fair value. Quoted market prices are used when available, to value investments. Investments for which quoted market values are not available are stated at fair values as reported by the trustee or investee company. Participant loans are valued at their outstanding balances, which approximate fair value. Guaranteed investment contracts held in the Plan's Stable Value Fund are fully benefit-responsive. In accordance with AICPA Statement of Position No. 94-4 Reporting of Investment Contracts Held by Health and Welfare Benefit Plans and Defined-Contribution Pension Plans, these contracts are recorded at contract value, which approximates fair value. The average effective yield for the years ended June 30, 2006 and 2005 was 4.10% and 4.27%, respectively. Crediting interest rates range from 2.41% to 4.96% at June 30, 2006 and from 2.83% to 7.42% at June 30, 2005. Investments in common/collective trusts are stated at fair value, based on quoted redemption values as determined by Northern Trust, the Trustee as defined by the Plan document. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date. The net appreciation (depreciation) in fair value of investments represents the sum of the unrealized appreciation or depreciation in aggregate fair value of investments and the realized gain or loss on sale of investments.

Use of Estimates The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results may differ from those estimates.

Administrative Expenses Unless otherwise elected by Harris Corporation, all ordinary and extraordinary charges and expenses incurred by the Trustee in connection with the administration of the Plan are paid by the Trustee from the assets of the trust.

NOTE 3 INVESTMENTS

During the year ended June 30, 2006, the Plan's investments (including investments bought, sold and held during the years) appreciated (depreciated) in value as follows:

NOTE 4 RELATED-PARTY TRANSACTIONS

Certain Plan investments are shares of common stock of Harris Corporation and balances in a common/collective trust fund managed by Northern Trust. Harris Corporation is the Plan sponsor and Northern Trust is the Trustee and, therefore, these transactions qualify as exempt party-in-interest transactions.

Harris Corporation common stock is included with other common stock at June 30, 2006 and 2005 as follows:

	2006		2005	
	Shares	Fair Value	Shares	Fair Value
Harris Corporation common stock	3,030,596	\$ 125,800,040	3,063,887	\$ 95,623,913

On February 25, 2005, Harris Corporation's Board of Directors approved a two-for-one stock split in the form of a 100 percent stock dividend to its stockholders of record on March 14, 2005. All share amounts in the Audited Financial Statements reflect the stock split, applied retroactively for all periods presented.

Transactions in shares of the Company's common stock qualify as party-in-interest transactions under the provisions of ERISA. During the year ended June 30, 2006, the Plan made purchases of \$11,252,151 and sales of \$11,298,783 of the Company's common stock.

NOTE 5 INCOME TAX STATUS

The Plan has received a determination letter from the Internal Revenue Service dated April 21, 2004, stating that the Plan is qualified under Section 401(a) of the Code and, therefore, the related trust is exempt from taxation. Subsequent to this determination by the Internal Revenue Service, the Plan was amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes the Plan, as amended, is qualified and the related trust is tax exempt.

NOTE 6 CONCENTRATION OF CREDIT RISK

Cash amounts at the Trustee may exceed the \$100,000 federally insured limit from time to time. The Plan provides for investments in various investment securities, which, in general, are exposed to certain risks, such as interest rate, credit and overall market volatility risks. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term, and such changes could materially affect participant account balances and the amounts reported in the statement of net assets available for benefits.

NOTE 7 RECONCILIATION OF PLAN FINANCIAL STATEMENTS TO THE FORM 5500

Certain balances included on Schedule H, Parts I and II, of the Form 5500 differ from those included in these financial statements. The following is a reconciliation of net assets available for benefits at June 30, 2006:

	2006
Net assets available for benefits per the financial statements	\$ 2,466,349,178
Due to participants	(347,347)
Net assets available for benefits per the form 5500	\$ 2,466,001,831

The following is as reconciliation of benefits paid to participants per the financial statements for the years ended June 30, 2006:
