INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
The Lamson & Sessions Co.

We have audited the accompanying statements of net assets available for benefits - modified cash basis of The Lamson & Sessions Co. Deferred Savings Plan as of December 31, 2002 and 2001, and the related statements of changes in net assets available for benefits - modified cash basis for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted

Edgar Filing: LAMSON & SESSIONS CO - Form 11-K

in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of The Lamson & Sessions Co. Deferred Savings Plan as of December 31, 2002 and 2001, and changes in its net assets available for benefits for the years then ended in conformity with the modified cash basis of accounting.

As described in Note B, these financial statements were prepared on a modified cash basis of accounting, which is a comprehensive basis of accounting other than generally accepted accounting principles in the United States.

Our audits of the Plan's financial statements as of and for the years ended December 31, 2002 and 2001 were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets held for investment purposes as of and for the year ended December 31, 2002, referred to as "supplemental information", is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental information is the responsibility of the Plan's management. The supplemental information has been subjected to the auditing procedures applied in the audit of the basic financial statements for the year ended December 31, 2002, and in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

NOTES TO THE FINANCIAL STATEMENTS

DECEMBER 31, 2002 AND 2001

NOTE A - DESCRIPTION OF PLAN

The following description of The Lamson & Sessions Co. (the "Company") Deferred Savings Plan (the "Plan") provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

1. GENERAL

The Plan is a defined contribution plan covering substantially all employees of the Company. Employees are eligible to participate in the Plan on the first day of the calendar quarter after which they have attained the age of 21 (age 18 for Pyramid salaried and non-union hourly employees) and completed one-half (1/2) year of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA). The Company is the Plan's administrator. The 401(k) Company is the Plan's record keeper. The Plan's custodian is the Pershing Division of Donaldson, Lufkin & Jenrette Securities Corporation which was acquired by Credit Suisse First Boston in November 2000 ("Pershing").

2. CONTRIBUTIONS

Edgar Filing: LAMSON & SESSIONS CO - Form 11-K

Each year, participants contribute 1% to 15% of their eligible compensation (pre-tax contributions), as defined in the Plan. The Company contributes a matching contribution equal to 50% of the participant's contribution, not to exceed 6% of the participant's compensation for any plan year.

Effective January 1, 2000 for each salaried participant for whom a salary reduction contribution has been made, the employer shall also contribute an additional matching contribution equal to 25% of such salary reduction contribution, up to the first 6% of the participant's contribution. This additional contribution is required to be contributed or initially invested in the Lamson & Sessions Stock Fund. Immediately following such contribution or initial investment in stock, the participant shall have the ongoing option to redirect the investment of such matching contributions among the investment options available under the Plan.

In addition, the Company can make discretionary matching contributions. Based on the Company's annual financial performance the Company may make a profit-sharing matching contribution. This profit-sharing match, if any, can add as much as an additional 25% of the participant's contribution up to the first 6% of compensation and is initially invested in Lamson & Sessions stock. A participant is also eligible to receive an additional discretionary matching contribution if they were employed with the Company on the last day of the Plan year for which the contribution is made and they have completed one year of service during the Plan year.

4. VESTING
