## **FORWARD-LOOKING STATEMENTS**

The Company may from time to time make certain forward-looking statements in publicly-released materials, both written and oral. Forward-looking statements do not relate strictly to historical or current facts and anticipate results based on management’s plans that are subject to uncertainty. Forward-looking statements may be identified by the use of words like “plans,” “expects,” “will,” “anticipates,” “estimates” and other words of similar meaning in conjunction with, among other things, discussions of future operations, financial performance, the Company’s strategy for growth, product development, regulatory approvals, market position and expenditures.

Forward-looking statements are based on current expectations of future events. The Company cannot guarantee that any forward-looking statement will be accurate, although the Company believes that it has been reasonable in its expectations and assumptions. Investors should realize that if underlying assumptions prove inaccurate or unknown risks or uncertainties materialize, actual results could vary materially from the Company’s expectations and projections. Investors are therefore cautioned not to place undue reliance on any forward-looking statements. Furthermore, the Company assumes no obligation to update any forward-looking statements as a result of new information or future events or developments.

Some important factors that could cause the Company’s actual results to differ from the Company’s expectations in any forward-looking statements are as follows:

Economic factors, including inflation and fluctuations in interest rates and currency exchange rates and the potential effect of such fluctuations on revenues, expenses and resulting margins;

Competitive factors, including technological advances achieved and patents attained by competitors as well as new products introduced by competitors;

Challenges to the Company’s patents by competitors or allegations that the Company’s products infringe the patents of third parties, which could potentially affect the Company’s competitive position and ability to sell the products in question and require the payment of past damages and future royalties. In particular, generic drug firms have filed Abbreviated New Drug Applications seeking to market generic forms of most of the Company’s key pharmaceutical products, prior to expiration of the applicable patents covering those products. In the event that the Company is not successful in defending the resulting lawsuits, generic versions of the product at issue will be introduced, resulting in

very substantial market share and revenue losses.

In addition, if the statutory 30-month stay of FDA approval expires while the lawsuit is on-going, generic versions of the product may be introduced and, in this event, would result in very substantial market share and revenue losses;

Financial distress and bankruptcies experienced by significant customers and suppliers that could impair their ability, as the case may be, to purchase the Company's products, pay for products previously purchased or meet their obligations to the Company under supply arrangements;

The impact on political and economic conditions due to terrorist attacks in the U.S. and other parts of the world or U.S. military action overseas, as well as instability in the financial markets which could result from such terrorism or military actions;

Interruptions of computer and communication systems, including computer viruses, that could impair the Company's ability to conduct business and communicate internally and with its customers;

Health care changes in the U.S. and other countries resulting in pricing pressures, including the continued consolidation among health care providers, trends toward managed care and health care cost containment, the shift towards governments becoming the primary payers of health care expenses and government laws and regulations relating to sales and promotion, reimbursement and pricing generally;

Government laws and regulations, affecting U.S. and foreign operations, including those relating to securities laws compliance, trade, monetary and fiscal policies, taxes, price controls, regulatory approval of new products, licensing and patent rights, and including, in particular, proposed amendments to the Hatch-Waxman Act, implementation of the Medicare Prescription Drug, Improvement and Modernization Act of 2003 and possible drug reimportation legislation;

Competition in research, involving the development and the improvement of new and existing products and processes, is particularly significant and results from time to time in product and process obsolescence. The development of new and improved products is important to the Company's success in all areas of its business;

Challenges and difficulties inherent in product development, including the potential inability to successfully continue technological innovation, complete clinical trials, obtain regulatory approvals in the United States and abroad, gain and maintain market approval of products and the possibility of encountering infringement claims by competitors with respect to patent or other intellectual property rights which can preclude or delay commercialization of a product;

Significant litigation adverse to the Company including product liability claims, patent infringement claims and antitrust claims;

The health care industry has come under increased scrutiny by government agencies and state attorneys general and resulting investigations and prosecutions carry the risk of significant civil and criminal penalties, including debarment from government business;

Product efficacy or safety concerns, whether or not based on scientific evidence, resulting in product withdrawals, recalls, regulatory action on the part of the FDA (or foreign counterparts) or declining sales;

The impact of business combinations, including acquisitions and divestitures, both internally for the Company and externally in the pharmaceutical, medical device and health care industries; and

Issuance of new or revised accounting standards by the American Institute of Certified Public Accountants, the Financial Accounting Standards Board, the Securities and Exchange Commission and the Public Company Accounting Oversight Board.

The foregoing list sets forth many, but not all, of the factors that could impact upon the Company's ability to achieve results described in any forward-looking statements. Investors should understand that it is not possible to predict or

identify all such factors and should not consider this list to be a complete statement of all potential risks and uncertainties. The Company has identified the factors on this list as permitted by the Private Securities Litigation Reform Act of 1995.

## **USE OF PROCEEDS**

Unless the Prospectus supplement indicates otherwise, the net proceeds to be received by Johnson & Johnson from sales of the debt securities and warrants and the exercise of warrants will be used for general corporate purposes, including working capital, capital expenditures, stock repurchase programs, repayment and refinancing of borrowings and acquisitions.

## **DESCRIPTION OF DEBT SECURITIES**

The debt securities are to be issued under the Indenture dated as of September 15, 1987 between Johnson & Johnson and BNY Midwest Trust Company (formerly known as Harris Trust and Savings Bank), Chicago, Illinois, as Trustee, as amended by the First Supplemental Indenture dated as of September 1, 1990. The indenture is filed as an exhibit to the registration statement. Certain provisions of the indenture are referred to and summarized below. You should read the complete indenture for provisions that may be important to you.

## **GENERAL**

An unlimited aggregate principal amount of debt securities can be issued under the indenture (Section 2.01). As of the date of this prospectus, \$1,800,000,000 aggregate principal amount of debt securities have been issued and remain outstanding under the indenture. Debt securities may be issued under this prospectus from time to time with proceeds, together with proceeds of the warrants, of up to \$10,000,000,000 or the equivalent in foreign currency or foreign currency units.

Debt securities will be offered to the public on terms determined by market conditions at the time of sale. The debt securities may be issued in one or more series with the same or various maturities and may be sold at par or at an original issue discount. Debt securities sold at an original issue discount may bear no interest or interest at a rate which is below market rates. The debt securities will be our unsecured obligations issued in fully registered form without coupons or in bearer form with coupons (Recital and Sections 2.01 and 9.01).

Refer to the prospectus supplement for the following terms to the extent they are applicable to the debt securities:

- (a) designation, aggregate principal amount and denomination;
- (b) date of maturity;
- (c) currency or currencies for which debt securities may be purchased and currency or currencies in which principal and interest may be payable;
- (d) if the currency for which debt securities may be purchased or in which principal and interest may be payable is at the purchaser's election, the manner in which an election may be made;
- (e) interest rate;
- (f) the times at which interest will be payable;
- (g) redemption date and redemption price;
- (h) federal income tax consequences;
- (i) whether debt securities are to be issued in book-entry form, and if so, the identity of the depository and information with respect to book-entry procedures; and
- (j) other terms of the debt securities.

## **CERTAIN COVENANTS**

We will generally covenant not to create, assume or suffer to exist any lien on any Restricted Property (described below) to secure any debt of Johnson & Johnson, any subsidiary or any other person, or permit any subsidiary to do so, without securing the debt securities of any series having the benefit of the covenant by the same lien equally and ratably with the secured debt for so long as that debt shall be so secured. This covenant is subject to certain exceptions specified in the indenture. Exceptions include:

- (a) existing liens or liens on facilities of corporations at the time they become subsidiaries;

(b) liens existing on facilities when acquired, or incurred to finance the purchase price, construction or improvement thereof;

(c) certain liens in favor of or required by contracts with governmental entities;

(d) liens securing debt of a subsidiary owed to Johnson & Johnson or another subsidiary;

5

---

(e) extensions, renewals or replacements in whole or part of any lien referred to in clauses (a) through (d); and

(f) liens otherwise prohibited by this covenant, securing indebtedness which, together with the aggregate amount of outstanding indebtedness secured by liens otherwise prohibited by this covenant and the value of certain sale and leaseback transactions, does not exceed 10% of the our consolidated net tangible assets (defined in the indenture as total assets less current liabilities and intangible assets) (Section 4.04).

We will also generally covenant not to, and not to permit any subsidiary to, enter into any sale and leaseback transaction covering any Restricted Property unless:

(a) we would be entitled under the provisions described above to incur debt equal to the value of the sale and leaseback transaction, secured by liens on the facilities to be leased, without equally and ratably securing the debt securities, or

(b) we, during the six months following the effective date of the sale and leaseback transaction, apply an amount equal to the value of the sale and leaseback transaction to the voluntary retirement of long-term indebtedness or to the acquisition of Restricted Property (Section 4.04).

Because the covenants described above cover only manufacturing facilities in the continental United States, our manufacturing facilities in Puerto Rico (accounting for approximately 5% of our manufacturing facilities worldwide) are excluded from the operation of the covenants.

The indenture defines Restricted Property as

(a) any manufacturing facility (or portion thereof) owned or leased by Johnson & Johnson or any subsidiary and located within the continental United States which, in the opinion of the Board of Directors, is of material importance to the business of Johnson & Johnson and its subsidiaries taken as a whole, but no such manufacturing facility (or portion thereof) shall be deemed of material importance if its gross book value (before deducting accumulated depreciation) is less than 2% of Johnson & Johnson's consolidated net tangible assets or

(b) any shares of capital stock or indebtedness of any subsidiary owning a manufacturing facility described in (a) (Section 4.04).

There are currently no liens prohibited by the covenants described above on, or any sale and leaseback transactions prohibited by such covenants covering, any property which would qualify as Restricted Property. As a result, we do not keep records identifying which of our properties, if any, would qualify as Restricted Property. We will amend this prospectus to disclose or disclose in a prospectus supplement the existence of any lien on or any sale and leaseback transaction covering any Restricted Property, which would require us to secure the debt securities or apply certain amounts to retirement of indebtedness or acquisitions of property, as provided in the covenants.

The indenture contains no other restrictive covenants, including those that would afford holders of the debt securities protection in the event of a highly leveraged transaction involving Johnson & Johnson or any of its affiliates, or any covenants relating to total indebtedness, interest coverage, stock repurchases, recapitalizations, dividends and distributions to shareholders, current ratios or acquisitions and divestitures.

## **AMENDMENT AND WAIVER**

Other than amendments not adverse to holders of the debt securities, amendments of the indenture or the debt securities may be made with the consent of the holders of a majority in principal amount of the debt securities affected (acting as one class). Waivers of compliance with any provision of the indenture or the debt securities with respect to

any series of debt securities may be made only with the consent of the holders of a majority in principal amount of the debt securities of that series. The consent of all holders of affected debt securities will be required to

6

---

- (a) make any debt security payable in a currency not specified or described in the debt security;
- (b) change the stated maturity of any debt security;
- (c) reduce the principal amount of any debt security;
- (d) reduce the rate or change the time of payment of interest on any debt security;
- (e) reduce the amount of debt securities whose holders must consent to an amendment or waiver; or
- (f) impair the right to institute suit for the payment of principal of any debt security or interest on any debt security (Section 9.02).

The holders of a majority in aggregate principal amount of debt securities affected may waive any past default under the indenture and its consequences, except a default (1) in the payment of the principal of or interest, or (2) in respect of a provision which cannot be waived or amended without the consent of all holders of debt securities affected (Sections 6.04 and 9.02).

#### **EVENTS OF DEFAULT**

Events of Default with respect to any series of debt securities under the indenture will include:

- (a) default in payment of any principal on that series;
- (b) default in the payment of any installment of interest on such series and continuance of that default for a period of 30 days;
- (c) default in the performance of any other covenant in the indenture or in the debt securities and continuance of the default for a period of 90 days after we receive notice of the default from the Trustee or the holders of at least 25% in principal amount of debt securities of the series; or
- (d) certain events of bankruptcy, insolvency or reorganization in respect of Johnson & Johnson (Section 6.01). The Trustee may withhold notice to the holders of a series of debt securities of any default (except in the payment of principal of or interest on the series of debt securities) if it considers withholding of notice to be in the interest of holders of the debt securities (Section 7.05). Not all Events of Default with respect to a particular series of debt securities issued under the indenture necessarily constitute Events of Default with respect to any other series of debt securities.

On the occurrence of an Event of Default with respect to a series of debt securities, the Trustee or the holders of at least 25% in principal amount of debt securities of that series then outstanding may declare the principal (or in the case of debt securities sold at an original issue discount, the amount specified in the terms thereof) and accrued interest thereon to be due and payable immediately (Section 6.02).

Within 120 days after the end of each fiscal year, an officer of Johnson & Johnson must inform the Trustee whether he or she knows of any default, describing any default and the status thereof (Section 4.03). Subject to provisions relating to its duties in case of default, the Trustee is under no obligation to exercise any of its rights or powers under the indenture at the direction of any holders of debt securities unless the Trustee shall have received a satisfactory indemnity (Section 7.01).

## **DEFEASANCE OF THE INDENTURE AND DEBT SECURITIES**

The indenture provides that Johnson & Johnson at its option,

(a) will be discharged from all obligations in respect of the debt securities of a series (except for certain obligations to register the transfer or exchange of debt securities, replace stolen, lost or destroyed debt securities, maintain paying agencies and hold moneys for payment in trust), or

(b) need not comply with certain restrictive covenants to the indenture (including those described under “Certain Covenants”), in each case if we irrevocably deposit in trust with the Trustee money or eligible government obligations which through the payment of interest and principal in accordance with their terms will provide money, in an amount sufficient to pay all the principal of (including any mandatory redemption payments) and interest on the debt securities of such series on the dates payments are due in accordance with the terms of such debt securities; provided no default or event of default with respect to such debt securities has occurred and is continuing on the date of such deposit.

Eligible government obligations are those backed by the full faith and credit of the government which issues the currency or foreign currency unit in which the debt securities are denominated. To exercise either option, we are required to deliver to the Trustee an opinion of nationally recognized independent tax counsel to the effect that the deposit and related defeasance would not cause the holders of the debt securities of the series to recognize income, gain or loss for Federal income tax purposes. To exercise the option described in clause (a) above, the opinion must be based on a ruling of the Internal Revenue Service, a regulation of the Treasury Department or a provision of the Internal Revenue Code (Section 8.01).

## **GLOBAL SECURITIES**

The debt securities of a series may be issued in the form of a global security which is deposited with and registered in the name of the depository (or a nominee of the depository) specified in the accompanying prospectus supplement. So long as the depository for a global security, or its nominee, is the registered owner of the global security, the depository or its nominee, as the case may be, will be considered the sole owner or holder of the debt securities represented by the global security for all purposes under the indenture. Except as provided in the indenture, owners of beneficial interests in debt securities represented by a global security will not

(a) be entitled to have debt securities registered in their names;

(b) receive or be entitled to receive physical delivery of certificates representing debt securities in definitive form;

(c) be considered the owners or holders of debt securities under the indenture; or

(d) have any rights under the Indenture with respect to the global security (Sections 2.06A and 2.13).

Unless and until it is exchanged in whole or in part for individual certificates evidencing the debt securities which it represents, a global security may not be transferred except as a whole by the depository to a nominee of the depository or by a nominee of the depository to the depository or another nominee of the depository or by the depository or any nominee to a successor depository or any nominee of the successor. We, in our sole discretion, may at any time determine that any series of debt securities issued or issuable in the form of a global security shall no longer be represented by a global security and the global security shall be exchanged for securities in definitive form pursuant to the indenture (Section 2.06A).

Upon the issuance of a global security, the depository will credit, on its book-entry registration and transfer system, the respective principal amounts of the global security to the accounts of participants. Ownership of interests in a

global security will be shown on, and the transfer of that ownership will be effected only through records maintained by the depositary (with respect to interests of participants in the depositary), or by participants in the depositary or persons that may hold interests through such participants (with respect to persons other than participants in the depositary). Ownership of beneficial interests in a global security will be limited to participants or persons that hold interests through participants.

Warrant Certificates may be exchanged for new Warrant Certificates of different denominations, may (if in registered form) be presented for registration of transfer, and may be exercised at the corporate trust office of the Warrant Agent or any other office indicated in the prospectus supplement.

## **EXERCISE OF WARRANTS**

Each warrant will entitle the holder to purchase the principal amount of debt securities at the exercise price as shall in each case be described in the prospectus supplement relating to the warrants. Warrants may be exercised at any time up to 5:00 P.M. New York time on the expiration date set forth in the prospectus supplement relating to those warrants. After the close of business on the expiration date (or such later date to which such expiration date may be extended by Johnson & Johnson), unexercised warrants will become void.

Warrants may be exercised by delivery to the Warrant Agent of payment as provided in the prospectus supplement of the amount required to purchase the debt securities purchasable upon exercise together with certain information set forth on the reverse side of the Warrant Certificate. Warrants will be deemed to have been exercised upon receipt of the exercise price, subject to the receipt within five business days of the Warrant Certificate evidencing exercised warrants. Upon receipt of payment and the Warrant Certificate properly completed and duly executed at the corporate trust office of the Warrant Agent or any other office indicated in the prospectus supplement, we will, as soon as practicable, issue and deliver the debt securities purchasable upon such exercise. If fewer than all of the warrants represented by a Warrant Certificate are exercised, a new Warrant Certificate will be issued for the remaining amount of warrants.

## PLAN OF DISTRIBUTION

We may sell the debt securities and warrants:

- (a) directly to purchasers;
- (b) through agents;
- (c) to dealers as principals; and
- (d) through underwriters.

Offers to purchase debt securities and warrants may be solicited directly by Johnson & Johnson or by agents we designate from time to time. Any agent, who may be deemed to be an underwriter as that term is defined in the Securities Act of 1933, involved in the offer or sale of the debt securities and warrants is named, and any commissions payable by us to that agent are set forth, in the prospectus supplement. Agents will generally be acting on a best efforts basis.

If a dealer is utilized in the sale of the debt securities and warrants, we will sell debt securities and warrants to the dealer as principal. The dealer may then resell debt securities and warrants to the public at varying prices to be determined by the dealer at the time of resale.

If an underwriter or underwriters are utilized in the sale of the debt securities and warrants, we will enter into an underwriting agreement with the underwriters at the time of sale to them. The names of the underwriters and the terms of the transaction are set forth in the prospectus supplement, which will be used by the underwriters to make resales of the debt securities and warrants.

Agents, dealers or underwriters may be entitled under agreements which may be entered into with us to indemnification by us against certain civil liabilities, including liabilities under the Securities Act of 1933, and may be customers of, engage in transactions with or perform services for us in the ordinary course of business.

Johnson & Johnson may authorize underwriters or agents to solicit offers by certain institutions to purchase debt securities and warrants from us at the public offering price set forth in the prospectus supplement pursuant to delayed delivery contracts providing for amounts, payment and delivery as described in the prospectus supplement. Delayed delivery contracts may be entered into with commercial and savings banks, insurance companies, pension funds, investment companies, educational and charitable institutions and other institutions, but shall in all cases be subject to our approval. A commission described in the prospectus supplement will be paid to underwriters and agents soliciting purchases of debt securities and warrants pursuant to contracts accepted by us. Contracts will not be subject to any conditions except that:

- (a) the purchase by an institution of the debt securities and Warrants covered by its contract shall not at the time of delivery be prohibited under the laws of any jurisdiction in the United States to which such institution is subject; and
- (b) we shall have sold and delivered to any underwriters named in the prospectus supplement that portion of the issue of debt securities and warrants as is set forth in the prospectus supplement. The underwriters and agents will not have any responsibility in respect of the validity or the performance of the contracts.

The place and time of delivery for the debt securities and warrants are set forth in the prospectus supplement.

**ITEM 15. INDEMNIFICATION OF DIRECTORS AND OFFICERS. JOHNSON & JOHNSON**

The New Jersey Business Corporation Act (the “NJBCA”) provides that a New Jersey corporation has the power to indemnify a director or officer against his or her expenses and liabilities in connection with any proceeding involving the director or officer by reason of his or her being or having been such a director or officer, other than a proceeding by or in the right of the corporation, if such director or officer acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of the corporation; and with respect to any criminal proceeding, such director or officer had no reasonable cause to believe his or her conduct was unlawful.

The indemnification and advancement of expenses shall not exclude any other rights, including the right to be indemnified against liabilities and expenses incurred in proceedings by or in the right of the corporation, to which a director or officer may be entitled under a certificate of incorporation, by-law, agreement, vote of shareholders, or otherwise; provided, that no indemnification shall be made to or on behalf of a director or officer if a judgment or other final adjudication adverse to the director or officer establishes that his or her acts or omissions (a) were in breach of his or her duty of loyalty to the corporation or its shareholders, (b) were not in good faith or involved a knowing violation of law or (c) resulted in receipt by the director or officer of an improper personal benefit.

Johnson & Johnson’s Restated Certificate of Incorporation provides that, to the full extent that the laws of the State of New Jersey permit the limitation or elimination of the liability of directors and officers, no director or officer of Johnson & Johnson shall be personally liable to Johnson & Johnson or its stockholders for damages for breach of any duty owed to Johnson & Johnson or its stockholders.

The By-laws of Johnson & Johnson provide that to the full extent permitted by the laws of the State of New Jersey, Johnson & Johnson shall indemnify any person (an “Indemnitee”) who was or is involved in any manner (including, without limitation, as a party or witness) in any threatened, pending or completed investigation, claim, action, suit or proceeding, whether civil, criminal, administrative, arbitative, legislative or investigative (including, without limitation, any action, suit or proceeding by or in the right of Johnson & Johnson to procure a judgment in its favor) (a “Proceeding”), or who is threatened with being so involved, by reason of the fact that he or she is or was a director or officer of Johnson & Johnson or, while serving as a director or officer of Johnson & Johnson, is or was at the request of Johnson & Johnson also serving as a director, officer, employee or agent of another corporation, partnership, joint

venture, trust or other enterprise (including, without limitation, any employee benefit plan), against all expenses (including attorneys' fees), judgments, fines, penalties, excise taxes and amounts paid in settlement actually and reasonably incurred by the Indemnitee in connection with such Proceeding; provided, that there shall be no indemnification under the By-laws with respect to any settlement or other nonadjudicated disposition of any threatened or pending Proceeding unless Johnson & Johnson has given its prior consent to such settlement or disposition. The right of indemnification created by the By-laws shall be a contract right enforceable by an Indemnitee against Johnson & Johnson, and it shall not be exclusive of any other rights to which an Indemnitee may otherwise be entitled. The indemnification provisions of the By-laws shall inure to the benefit of the heirs and legal representatives of an Indemnitee and shall be applicable to Proceedings commenced or continuing after the adoption of the indemnification provisions of the By-laws, whether arising from acts or omissions occurring before or after such adoption. No amendment, alteration, change, addition or repeal of or to the By-laws shall deprive any Indemnitee of any rights under the By-laws with respect to any act or omission of such Indemnitee occurring prior to such amendment, alteration, change, addition or repeal.

Johnson & Johnson enters into indemnification agreements with its directors and officers and enters into insurance agreements on its own behalf. The indemnification agreements provide that Johnson & Johnson agrees to hold harmless and indemnify its directors and officers to the fullest extent authorized or permitted by the NJBCA, or any other applicable law, or by any amendment thereof or other statutory provisions authorizing or permitting such indemnification that is adopted after the date hereof. Without limiting the generality of the foregoing, Johnson & Johnson agrees to hold harmless and indemnify its directors and officers to the fullest extent permitted by applicable law against any and all expenses, judgments, fines, and amounts paid in settlement actually and reasonably incurred by its directors and officers in connection with the defense of any present or future threatened, pending, or completed claim, action, suit, or proceeding by reason of the fact that they were, are, shall be, or shall have been a director or officer of Johnson & Johnson, or are or were serving, shall serve, or shall have served, at the request of Johnson & Johnson, as a director or officer of another corporation, partnership, joint venture, trust, employee benefit plan, or other enterprise.

#### ITEM 17. UNDERTAKINGS

(a) The undersigned Registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this Registration Statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the Registration Statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the Registration Statement. Notwithstanding the foregoing, any increase or decrease in the volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of a prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no more than a 20 percent change in the maximum aggregate offering set forth in the "Calculation of Registration Fee" table in the effective Registration Statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the Registration Statement or any material change to such information in the Registration Statement;

provided, however, that paragraphs (a)(1)(i) and (a)(1)(ii) do not apply if the information required to be included in a post-effective amendment by those paragraphs is contained in periodic reports filed with or furnished to the Commission by the Registrant pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in this Registration Statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the Registration Statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act to any purchaser:

(a) Each prospectus filed by a Registrant pursuant to Rule 424(b)(3) shall be deemed part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(b) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii) or (x) for the purpose of providing the information required by Section 10(a) of the Securities Act shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof. Provided, however, that no statement made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of a Registrant under the Securities Act to any purchaser in the initial distribution of the securities:

Each undersigned Registrant undertakes that in a primary offering of securities of such undersigned Registrant pursuant to the registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, such undersigned Registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

(i) Any preliminary prospectus or prospectus of such undersigned Registrant relating to the offering required to be filed pursuant to Rule 424;

(ii) Any free writing prospectus relating to the offering prepared by or on behalf of such undersigned Registrant or used or referred to by such undersigned Registrant;

(iii) The portion of any other free writing prospectus relating to the offering containing material information about such undersigned Registrant or its securities provided by or on behalf of such undersigned Registrant; and

(iv) Any other communication that is an offer in the offering made by such undersigned Registrant to the purchaser.

(b) The undersigned Registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the Registrant's annual report pursuant to Section 13(a) or Section 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Exchange Act of 1934) that is incorporated by reference in the Registration Statement shall be deemed to be a new securities registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial bona fide offering thereof.

(c) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the Registrant pursuant to the foregoing provisions, or otherwise, the Registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Securities Act of 1933 and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by Registrant of expenses incurred or paid by a director, officer or controlling person of Registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the Registrant will, unless in the opinion of Registrant's counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Securities Act of 1933 and will be governed by the final adjudication of such issue.

(d) The undersigned Registrant hereby undertakes to file an application for the purpose of determining the eligibility of the trustee to act under subsection (a) of Section 310 of the Trust Indenture Act ("Act") in accordance with the rules and regulations prescribed by the Commission under Section 305(b)(2) of the Act.

**SIGNATURES**

Pursuant to the requirements of the Securities Act of 1933, the Registrant certifies that it has reasonable grounds to believe that it meets all of the requirements for filing on Form S-3 and has duly caused this Registration Statement to be signed on its behalf by the undersigned, thereunto duly authorized, in the City of New Brunswick, State of New Jersey on this 9th day of November, 2006.
